Railroad Co. Files An-
swer to U. S. Divorce
Suit

The Southern Pacific company filed
today in the United States district
court at Salt Lake City its answer in
the government suit to divorce the
Central Pacific from the Southern
Pacific. The answer, after specifically
denying all allegations that the Sher-
man anti-trust law has been violated,
points out not only that the two lines
were originally built, operated and
developed as one road, but that, as
far back as 1893, the United States
government, itself, practically recog-
nized the combination.

It asserts that in the joint opera-
tion of these lines, through trains
have been run by the most direct
or convenient route without refer-
ence to their ownership, and that any
separation of the Central Pacific lines
from those of the Southern Pacific
cannot now be had without detriment
to both properties, and without im-
pairing and inconveniencing the pub-
lic service and the communities
through which the lines pass.

RESUME IN ANSWER.
In a brief historical resume, the
answer declares:

First—That the lines of the South-
ern Pacific Railroad company were
built as extensions and connections
of the lines of the Central Pacific
Railroad company, and by the same
stockholders.

Second—That, as the lines of the
Southern Pacific Railroad company
were completed, they were directly
leased to the Central Pacific to be
operated within its lines.

Third—That, on April 1, 1885, the
Southern Pacific Railroad company,
to simplify the organization, took
over under lease for 99 years, all the
lines of both Central Pacific and South-
ern Pacific, and has since managed
and developed them as one property,
considering only efficiency of service
to the public, without regard to cor-
poration.

Fourth—That the lines of the South-
ern Pacific Railroad company were
built as extensions and connections
of the lines of the Central Pacific
Railroad company, and by the same
stockholders.

RESIDENTS OF OAKLAND ON SIBERIA

Miss Katie Ione Dukes, sister of Dr.
Charles A. Dukes and daughter of Dr.
Harrison C. Dukes of this city, was
among the passengers on the Siberia.
She left Oakland on the Korea, April 4,
and stopped off at Yokohama on a vaca-
tion tour. Miss Dukes was expected to
return home June 15.

For a number of years Miss Dukes has
been employed as bookkeeper by the
Cobbleck-Kibbe Glass Company of this
city and was granted a leave of absence
for three months.

Miss Dukes is the fourth vice-president
of the Epworth League of the First
Methodist Episcopal church. She is a
talented musician.

Miss Dukes has lived here the greater
part of her life and is a graduate of the

School.

day by her family and friends.
Miss Dukes is one of five daughters.
Her sisters are Mrs. R. N. Tidd, Mrs. E.
A. Parker, Miss Maude Dukes and Miss
Neville Dukes, all of Oakland.

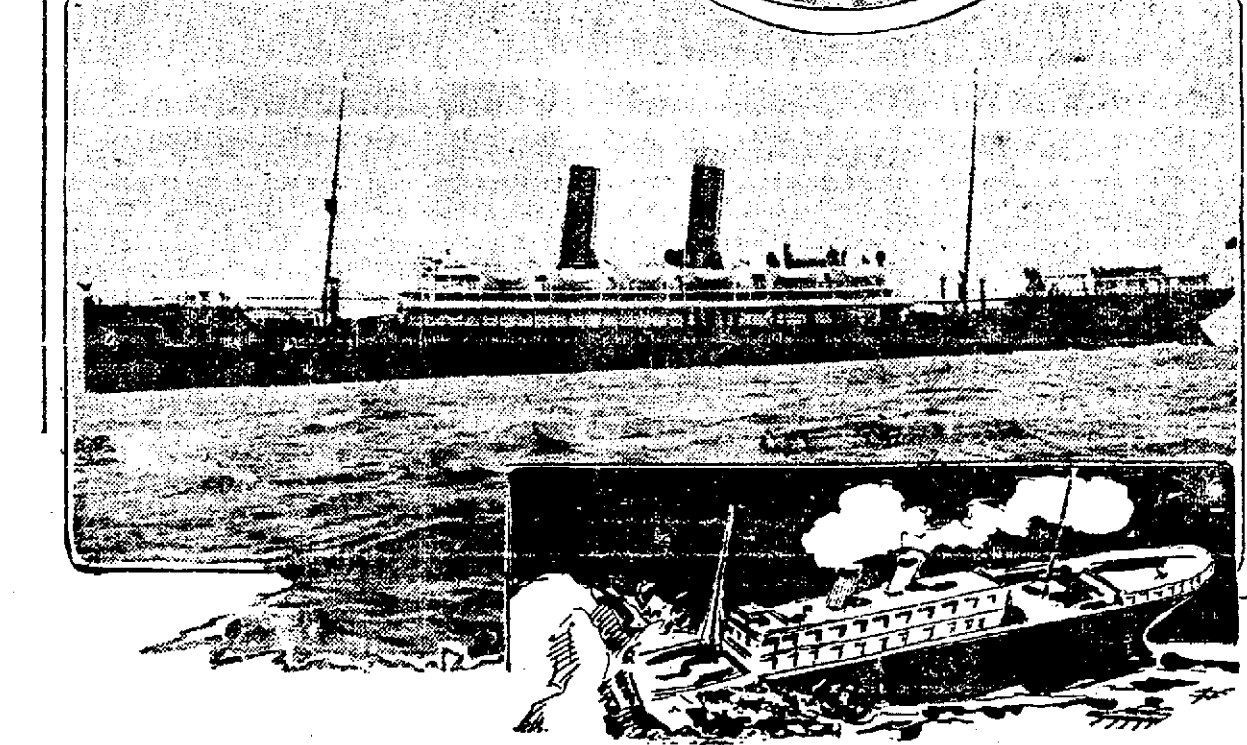

Dr. Harrison Dukes was for a number
of years ship surgeon on the Korean and
the Mongolian, Pacific Mail steamers. Re-
cently he returned from a trip to Panama
on the Pennsylvania and is now on a
leave of absence and is at home here with
his family.

WALLISERS IN ORIENT.
Mrs. Lucy Walliser and Alfred C. Wal-
liser, wife and son of Dr. Carl Walliser
of 3147 Telegraph avenue, were passen-
gers on the ill-fated Siberia and with the
first news of the disaster fears were en-
tertained for their safety. Dr. Walliser

this afternoon communicated with J. A.
Folger & Co., of San Francisco, in whose
employ his son has been for many years,
and ascertained that a cablegram had
been received from his son several days
ago announcing that he was to stay in
Yokohama.

Alfred C. Walliser is an expert tea-
taster in the service of the tea and
coffee importing company and has made
several trips to the Orient while engaged
in that capacity. On this journey he had

TOKIO, May 1.—Wireless calls for assistance from the Pacific
Mail steamer Siberia, heard of the Japanese coast today, indicat-
ed that she was in grave peril off the coast of Formosa. The liner
left San Francisco April 7th for Manila. She carried seventy-one
saloon passengers, including Mrs. Francis Burton Harrison, wife
of the Governor-General of the Philippines.

A dispatch from Formosa hints that Chinese pirates may have
had something to do with the disaster. The exact nature of the
accident has not yet been determined, nor have any details been
received here up to a late hour tonight.

An early wireless report said the liner was "sinking" while a
later message conveyed the information that she was "ashore"
six miles off the southeast main lands of Formosa island.

The Japanese government dispatched the steamer Kanto Maru

GET DISTRESS SIGNALS.

A station on the Japanese coast picked up distress signals sent
from the Siberia by wireless to the American liner Minne-
sota, which was on the way to Nagasaki. The Siberia was in com-
munication also with the British cruiser Minotaur. George W.
Guthrie, the American Ambassador to Japan, as soon as he heard
of the condition of the Siberia, requested the Japanese foreign
office to send a war ship to her aid. He was informed that the
government, having already learned of the accident, had sent the
Kanto Maru from Formosa. The Kanto got under way shortly
after 8 o'clock this morning.

The steamer Siberia, Captain Zeeder, belongs to the Pacific
Mail Steamship Line and plies between San Francisco, Honolulu,
Yokohama and Hongkong. She left San Francisco on April 7th.
The Siberia is of 5655 tons burden and was built at Newport
News, Virginia. She is supplied with wireless outfit and it is
probable that the news of her serious situation was sent by this
means to Nagasaki.

Mrs. Harrison came to Japan from Manila for a short visit. She
embarked on the Siberia at Yokohama.

MESSAGE MUTILATED.

The Japanese navy department was
inclined tonight to discredit the re-
ports regarding pirates and expressed
the opinion that they were an out-
come of the recent looting of a Brit-
ish steamer. The first wireless mes-
sage regarding the disaster was re-
ceived direct from the Siberia early
this morning at the Japanese wire-
less station at Osezakal, off the
coast of Kiushiu island. It contained
the information that the steamer had
met with an accident and was in dis-
tress. This message was mutilated
and no further definite information
could be gleaned from it.

The plight of the Siberia was com-
municated by wireless also to the
steamer Minnesota of the Great Nor-
thern Steamship company, which was
making her way to Nagasaki, as well
as to the British cruiser Minotaur.
The position of the Siberia is given
by wireless as longitude 121.10 east,
latitude 22.40 north. This location
is about six miles to the east of the
narrow cape which forms the South-
ern extremity of Formosa island.

HAS CHINESE CREW.

SAN FRANCISCO, May 1.—At the
passenger office of the Pacific Mail
Steamship company it was said there
was no record of Mrs. John B. Ben-
tlers, wife of the British consul at
Manila, mentioned in Tokyo dispatches
as being aboard the Siberia.

It was stated here today that the
Siberia, in accordance with govern-
ment regulations, was fully equipped
with life boats and rafts to accommo-
date all her passengers.

The vessel, like all other Oriental
liners of the Pacific Mail company,
is manned by a Chinese crew. All of
the officers, however, are white. Cap-
tain Zeeder is a veteran in the Ori-
ental service.

The Pacific Mail company sent the
following cable to its main Oriental

"Unless the immediate dispatch of
the British and Japanese cruisers will
afford immediate relief to the steam-
er Siberia, you are authorized to take
whatever steps, regardless of expense,
may be necessary to protect the safe-
ty of the passengers and crew."

"Notify all agents that wherever
landed, the passengers of the Siberia
must have placed at their disposal for
their comfort and safety all the re-
sources of the Pacific Mail. See that
no one falls in his duty in this re-
spect and that no passenger suffers
inconvenience where it is in our pow-
er to prevent it."

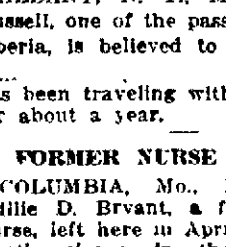

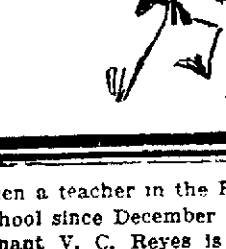

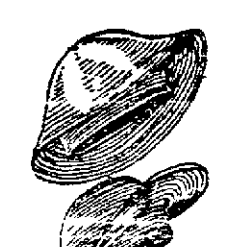

"Also, all passengers should be
forwarded to their destination at our
expense as they may desire."

LIST OF OFFICERS.

Following is a list of the officers
of the Siberia:
Captain, Adrian Zeeder; first officer,
T. Blau; second officer, H. Kirs; third
officer, E. H. Story; fourth officer, T.
W. Bond; fifth officer, A. T. Thure-
son; purser, F. C. Charman; surgeon,

Entire Basement Dept. Has Been Given Over to This Sale.

Did you attend in the event we held last November—said by many to have been the most successful sale of the kind
ever held in Oakland? The values—the styles—the assortments were surprising and are still talked about. We are
ready with another event of similar character.

Untrimmed Shapes representing the entire sample lines of a number of the leading factories of this country; also
the surplus stocks of several jobbing houses—all of whom look to a store like Gerwin's, with a purchasing power
and outlet that is unlimited—for the disposal of such large quantities.

The values speak for themselves—you will readily see that the choicest of this season's blocks, braids and colors
are included; also pretty Trimmed Hats, splendid Panama Hats and good values in Children's Hats.

The assortments have taxed the capacity of our large basement department for display and we must apologize if
you find the tables seemingly too crowded with the thousands of Hats piled as high as possible. Plenty of extra
experienced salespeople will be on hand.

Included are

Small Hats Turbans
Large Sailors
Watteau Hats
Straight Sailors
Bandeau Hats
Black Shiny Hats

And all the other desirable shapes of the season.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that
has been manufactured under the supervision of Chas. H. Fletcher for
over 30 years—the genuine Castoria. We respectfully call the attention
of fathers and mothers when purchasing Castoria to see that the wrapper bears
his signature in black. When the wrapper is removed the same signature ap-
pears on both sides of the bottle in red. Parents who have used Castoria for
their little ones in the past years need no warning against counterfeiters and
imitations, but our present duty is to call the attention of the younger genera-
tion to the great danger of introducing into their families spurious medicines.
It is to be regretted that there are people who are now engaged in the

that the Siberia is ashore on Sama-

Samasana island lies 15½ miles east
of the Formosa coast line. It is 3½
miles long and one mile wide. The
formation is volcanic. Isolated rocks
flank it and from its eastern point
there extends a reef for 2½ miles.
The currents around the island are
described as dangerous. The inhabi-

JUROR'S SON ON SIBERIA; DIGGS TRIAL POSTPONED

SAN FRANCISCO, May 1.—The trial of Maury I. Diggs, former state architect, on charges of criminally assaulting Miss Ida Fearing, was halted today because of the disaster to the liner Siberia. Arthur S. Hallberg, 23-year-old son of John A. Hallberg, a juror, is a passenger on the Siberia and the father was so disturbed over the uncertainty of the young man's fate that Judge Cabanis promptly put the trial over until next Monday.

Young Hallberg is an officer in the coast and geodetic survey. His father resides at 1471 Washington street.

Juror Hallberg, with tears in his eyes, requested Judge Cabanis' permission to leave the court as soon as possible as he and his aged wife were anxious to learn news of their son. The court and counsel immediately consented and the case was put over.

Young Hallberg, a member of the Kappa Alpha fraternity of the University of California, and a graduate of the class of 1913, had on the steamer State of California, bound for Alaska last year. He received an appointment in the north and went to Seattle. Unable to get a berth on the steamer he was forced to abandon his trip and later the vessel sank. Recently he received an appointment in Manila and left here on the Siberia for his new station.

Hallberg, who was well known in college, was a member of the varsity rowing squad and prominent in fraternity and social circles.

SEIZE AMERICAN BRIG.

An American brig was seized by Mexican federal officials at Manzanillo, who thought that war had been declared, but was immediately released with apologies on the demand of the Raleigh, according to a report received at the Navy Department today from Admiral Howard in command of the American fleet on the west coast of Mexico.

Admiral Howard also reports from the west coast of Mexico that firing between the constitutionalists and federalists continues at Mazatlan. The Mexican steamer Luella has been burned at Manzanillo and it was the noise of the explosion which caused a false report that the Raleigh was bombarding that port. Everything is now quiet there, the admiral reports.

DIPLOMATS CONFEE.

The Spanish ambassador, Mr. Riano, representative of the Huerta government in the United States, visited the Argentine legation at 11 o'clock today and held a conference with the Argentine minister, Mr. Naon. The ambassador is said to have delivered a message to the mediators from the Huerta authorities. No statement was made as to its contents.

OIL IS MENACE.

Gravity of the situation at Tampico growing out of the vast accumulation of oil from the flowing wells in the interior, which constitute a great menace to the town itself, was made manifest as a result of overflowing of tanks and finally the interference with neutral commerce by the constitutionalists as exhibited in the firing on the Ward line steamer Antilla at that port.

prompted Sir Cecil Spring Rice, the British ambassador, to confer today with Assistant Secretary Osborne at the state department in a further effort to create a neutral zone in the oil field vicinity.

HARROUN'S FATE UNKNOWN.

BERKELEY, May 1.—Philip E. Harroun of 2211 Prince street, has had no further word today to confirm the rumor printed this morning that his brother, D. H. Harroun, mining engineer of this city, and the latter's wife and daughter are safe at Mexico City.

Mr. Harroun stated this morning that she and her husband were not inclined to credit the report.

"I think we shall have the first definite word of the safety of my husband's brother as soon as he reaches a place where he can get messages to the outside world. The report printed this morning bears a close resemblance to an article printed several days ago, and we fear it is but a revamping of that."

Philip Harroun is expecting momentarily some advice from his brother as to the situation of the latter and his family.

Senate May Consider Tolls Repeal Bill

WASHINGTON, May 1.—Senator O'Gorman today gave notice to the Senate that tomorrow he would call up for consideration the House bill to repeal the tolls exemption for American coastwise vessels passing through the Panama Canal.

Lung Trouble Yielded to This Medicine

If you are afflicted with lung trouble, it will pay to fully investigate Eckman's Alternative, a remedy which has caused many recoveries. One follows: "3223 Girard Ave., Philadelphia, Pa. 'Declined: In the winter of 1912 I had an attack of Grippe, followed by Bronchitis and later by Lung Trouble. In the winter of 1913 I had cough, night sweats, fever and rapid quantities of sputum looking white and later had many hemorrhages, at one time three or four successive days. Physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I gradually recovered until entirely gone. I am perfectly well." (Abbreviated)

(Artificially) ALFRED J. TONGERMAN, Eckman's Alternative in chest affection, in bronchial catarrh and severe throat and lung affections and upbuilding the system. Contains no harmful or whitening drugs. A most reliable remedy. Sold by The Owl Drug Co., and leading druggists. Write Eckman's Laboratories, Philadelphia, Pa., for booklet of recoveries.

KERMIT OUTDOES PA IN JUNGLES

Strenuous Hunt in Brazil Re-counted by One of the Party.

NEW YORK, May 1.—Anthony Flala, the explorer who is in charge of one of the Roosevelt expeditions in Brazil, arrived in New York today on the steamship Denis from Rio Janeiro. He vividly described the experiences of the expedition, both before and after he separated from Colonel Roosevelt and Kermit from February 4.

Telling of his 400-mile journey across country with Roosevelt, Flala said:

"At times we were forced to dismount from our horses and cut our way with knives through the dense undergrowth."

"When we reached Matto Grosso, we rested for a couple of days and then all went hunting. In one party, which went for tiger cats, were Colonel Roosevelt, Kermit, a Brazilian chief of police, a Brazilian colonel and several natives."

TOUGHER THAN PA.

"Kermit, I believe, is made of coiled wire all bound up in bronze. He's tougher than his father, if such a thing is possible. The party started out early in the morning and pushed their way all day through swamps filled with crocodiles and snakes in pursuit of the tiger cat they had scented up."

"The negro boys and Brazilians kept up for several hours. But the pace set by the Colonel even in their own jungle was too much for them. Late at night a boy returned to the camp and said that the Colonel and Kermit were about two miles off in the jungle. When they finally came out their clothing was torn to shreds and their arms and legs were bleeding in many places. But they were carrying the Brazilians' guns and shoes."

BRAZILIANS HAD QUIT.

"The Brazilians had quit and were lying on their backs in a dry place recuperating. The cat got away."

"The principal difficulty everyone in the party experienced was with the food. I lost over 20 pounds in three weeks. I believe Colonel Roosevelt lost some, too. I never want to see another bean. Colonel Roosevelt, however, ate many of them and did not seem to mind."

Flala said that the Brazilians regarded Colonel Roosevelt highly. Each one considers the former President his own personal friend.

GOVERNOR SENDS SHIP.

MANAOS, Brazil, May 1.—Colonel Roosevelt and members of his expedition arrived here today on a steamer sent to meet them by the governor of the state of Amazonas.

Colonel Roosevelt was suffering from boils, but was not seriously affected, although they caused him much inconvenience. All the other members of the expedition were in excellent health.

The Colonel, with Kermit Roosevelt and Colonel Rondon, chief of the Brazilian mission which accompanied the expedition, took up their quarters at the International Hotel. The former president intends to leave immediately for the United States.

The journey made by Colonel Roosevelt and his companions was carried out under particularly favorable conditions.

velt and Colonel Rondon, chief of the Brazilian mission which accompanied the expedition, took up their quarters at the International Hotel. The former president intends to leave immediately for the United States.

The journey made by Colonel Roosevelt and his companions was carried out under particularly favorable conditions.

The party explored the river Casarapari, which empties into the river Roosevelt. The river Duvida, or "River of Doubt," was found to be unquestionably the river Gyparana. The party followed this river from the end of the telegraph line to its junction with the Madeira, a distance of about 650 miles.

W. A. GALLAGHER SUES FOR FALSE ARREST

William A. Gallagher of 2026 Francisco street, Berkeley, has commenced suit in the Superior Court asking \$10,000 damages from United States Marshal James B. Holohan and his bondsmen as the result of his arrest by Holohan on March 16, as he stepped ashore from the transport Locan in from Manila. Plaintiff, who has retained the firm of Ostrander, Clark & Carey, to press his action, alleges that the arrest was without warrant and cause, that he was handcuffed and thrown into jail without permission to consult with his relatives or friends.

It subsequently developed that the Berkeley man had been mistaken for William A. Gallagher, who escaped from the Marion county jail in Indiana, where he was serving a sentence for dynamiting a postoffice at Plymouth, Ind.

Gallagher declares that Marshal Holohan knew of the mistaken identity before he placed his prisoner in the federal section of the Alameda county jail, from which he was shortly after released upon the presentation of facts in the case to the authorities.

Following his arrest Gallagher sets forth that he was subjected to the indignity of being transported on a street car handcuffed, to the federal building at Seventh and Mission streets, San Francisco, where he was forced to undergo measurements for the Bertillon system and to be photographed. Later he was removed to the Alameda county jail, where he remained for twenty-six hours before release.

MRS. BULLOCK GETS AUTOMOBILE

Awarded Machine Over Which She and Husband Had Quarrel.

(Continued From Page 1)

family home, and property in San Francisco.

During the sensational divorce trial, Mrs. Bullock testified, among other things, that she had found overalls and a hat in a ranch in Santa Clara county, but that her husband was not satisfied with her confession. She declared that she threatened to shoot her last Christmas eve following a quarrel over the automobile which had been taken away and hidden by Bullock.

to prevent her from going out on "joy rides."

Mr. Bullock was first wed to Eugene H. Kast, but the marriage was not a success and Attorney Bullock assisted her in obtaining a divorce. Then they went to Santa Ana and were married in January, 1910. The marital experience was the third for Bullock. His first wife was May E. Gladstone, from whom he was divorced. Bullock then married Mrs. Isabel Fallon Britton, who died in 1908, leaving him a legacy of \$100,000.

After her marriage Mrs. Bullock No. 3 became infatuated with the stage and for a time sang in San Francisco cafes under the name of "Celeste Trouvere." The couple resided at 1433 First avenue. Bullock met with an accident a month ago in the loss of his left arm through accidental discharge of a shot gun while hunting in San Mateo county with former Sheriff Chapman.

RESTAURANT OWNER ARRESTED.

Joe Elena, 214 Jefferson street, owner of a restaurant, was arrested this morning on a charge of violating the city license law. He was released on \$200 bail and will be heard in the police court with the other cases under arrest tomorrow.

VITAL ISSUES BEFORE CONVENED CLUB WOMEN

Resolutions Offered Cover Wide Range of Data Interesting to Femininity

(By BETTY MARTIN.)

Colored with personal views of the speakers, reports of varied nature reach northern club women from their Riverside delegates.

On one thing, however, are they all agreed. There is "something doing" all the time and the things accomplished, or in course of accomplishment, cover a wide range. From the dress reform movement to alteration of the code, the assembled delegates have blithely given forth views in the form of "resolutions" which are discreetly tabled for action later on.

Politics, or no politics? That's the question! Shall the Federated Clubs—such—have a finger in the political pie, or shall they discreetly leave this, as did the Federated Mothers recently convened at Alameda—to the individuals? Shall the Federated Clubs use their influence to effect a change in the community property

rights? Shall a woman be entitled to have equal use of community property and of the death of her husband inherit the whole of it?

OTHER VITAL QUESTIONS. These questions are advocated by some of the enthusiasts, but there are doubtless plenty of conservative ones willing to investigate both sides of the question before placing themselves on record for proposed changes of so radical a nature?

There's another resolution offered, too, not to be taken lightly. It is that of yet of mighty import to the woman whose word is her bond. What would happen if the Federated Clubs of California really and truly resolved to "co-operate in a vigorous effort to secure styles of dress adapted to American needs and American manufacturers?" When tastes vary so widely as to include a love of the pantsuit on one's grandmother, the suit of the tailored suit and the bouffant draperies of the evening gown, who is there so bold as to proclaim one standard for the other, the young, the portly, the thin, the pretty woman and the ugly?

OAKLAND CLUB ASSEMBLES.

Members of the Oakland Club, together with invited guests, assembled yesterday to listen to the talk about the "Linen Lending Closet." Contrary to expectation, neither of the city nurses appeared to relate in detail the work furthered by the Oakland Club. In their stead Miss Grace Trevor, chairman of the day and president of the West Oakland Home as well, related in a general way the good accomplished through agency of the closet.

So quietly and unobtrusively the work been carried on that few people outside of the club members know of it. Therefore Miss Trevor's remarks are worth repeating. The linen closet, so Miss Trevor stated, was started a little over three years ago, with the object of assisting the city nurses in their task of alleviating distress.

Through the agency of the Associated Charities these nurses, Miss Louise Schmidt and Miss Cronan, are detailed on cases. But patients frequently suffer from insufficient bodily covering as well as physical ill. More than medicine and nursing is often required. And it is here that the linen lending closet more than justifies itself.

NO RED STRINGS ATTACHED.

There are no strings attached to the lending process. Each nurse has a key and she helps herself to the contents at her own discretion. Sheets, pillow-cases, towels, handkerchiefs, baby dresses, all these articles are kept on hand, to be used whenever necessary—which is all the time. Not only are these articles furnished to the needy during illness, but the Oakland Club pays for washing and disinfecting them before they are returned to the lending closet.

The linen closet is maintained entirely through donations by club members. Sometimes they give money, sometimes material, frequently time. Sheets are hemmed by skillful fingers, nightgowns made and an endless amount of sewing done toward the one aim of keeping a good supply ready for the sick and suffering. Merely as a side issue—any donations of second-hand clothing are given away for "keeps"—the new alone is returned to the "Linen Lending Closet."

PANTALET FRILLS OFFSET BARE ARM

Loss Through Sleevelessness
Balanced by Suggestion of
Ankle Covering.

NEW YORK, May 1.—Not only are evening gowns absolutely girdless of even a hint of a sleeve, but even the coats have the habit. Most of the smartest, loose wraps and capes and coats are sleeveless and slip their empty armholes over fair feminine arms with all the careless abandon of a perfectly good masculine waistcoat. What is left at one extremity, however, is now made up at the other for protection petticoats have returned again to the fold, or rather, to enfold slender ankles in scant white ruffles of shortest gorgery or Paris muslin. They are so narrow and so thin that they neither add bulk to the ankle line nor hide any of it. They quaintly resemble the old-style pantalets as they peep out from under the short ruche edged taffeta skirts of the moments and are indeed a far cry from the petticoat of yore.

Indeed, in spite of the fact that they really are petticoats they are never designated as such by the designers and dressmakers, but answer the name of undershirts or pantalet frills.

'TIS A BLOUSE, FORSOOTH.

Appropos of not calling a spade a spade you must never make the shocking mistake of calling a separate waist a waist—mercy, no, Clarissa, it's a blouse. What- ever is in a name in this case there isn't much in a blouse when it comes to material. Just two layers of muslin or single thickness or rather thinness of silk must be hemstitched around the open

throat line, down the front and around the plain three-quarter slightly flaring sleeves, makes up some of the choicest new models.

For an ornate touch they rely on a fantastic girle and gorgeously tinted, usually with vestee, cuffs and collar of handkerchief linen promise great popularity for the summer.

Always the belt or girle plays a striking part in the effective ensemble of the blouse. The favorite Roman stripes are shown in smart shirtings of both silk and madras for the more tailored blouses and those to be worn with the sport skirts and coats.

BUTTONS AN ESSENTIAL.

It is no longer a question of "button, button, who's got the button?" since every woman seems to have every button tucked on to every available space or cranny of some one or two of her summer costumes.

Jet buttons are very smart on frocks and suits of buff toned taffeta but ball shaped buttons covered in the same taffeta as the gown are the chosen trimming in a straight row down the center of the new tight fitting basque models. Cord buttons are also a favorite garnishment, particularly on voile and other cotton frock material frocks.

Your dress may lack a few little essentials like sleeves or even a whole waist, for in many instances a girle extended above the bust line is as good as a regular bodice any evening, but let it lack buttons and it is satisfactorily damaged.

PLACKET TO THE REAR.

Leaping lightly from buttons to buttonholes it is interesting to note that the bound and corded button holes are now things of the past and the good old honest-to-goodness normal buttonhole worked in thread has returned to its own. Plackets also now have their proper place and appear as they should according to best placket regulations in the middle of the back of the skirt. Even if there is no seam there, a slit is made for the placket and the skirt is then engaged in to its old home after a wandering life for the last two or three seasons and trans-

itory settlements in the front of the skirt at the side or on one hip.

It is a sad blow to all 1314 Cincinatti that loud pointed vamps are the rage in the slipper line. It seems rather perverse that Americans should take up the long-pointed slipper and shoe just when it has been cast aside by the smart Parisian for the dainty short vamps of the erstwhile American footgear. Brought into even more prominence by the shortwaist skirts, the up-to-date shoe foot will prove exclusively that it is shoes rather than brains that make large understandings.

CLEVELAND INTRODUCES MUNICIPAL ELECTRICITY

CLEVELAND, May 1.—The City of Cleveland—home of three-cent street fares, and other progressive municipal advantages—today began furnishing "customers," residents of Cleveland, with electricity at three cents the kilowatt hour. The regular price charged by corporations is ten cents. At the start the "customers" can be supplied by the big municipal electric-making plant turned their wheels today for the first time. Backers of the project are confident it will mean private corporations must be forced down to the same level. The making of electricity for sale to residents is no new thing to progress Cleveland. For several years enough electricity has been made to supply 4000 people. Eventually, city officials declared today, Cleveland will furnish electricity for every home in the city unless private corporations come down to Cleveland's three cent charge.

WILL DISMISS OFFICIAL

SAN FRANCISCO, May 1.—William Nixon, chief of the bureau of electricity, is slated to lose his position. Friction over the installation of a police and fire alarm system, together with complaints made by the fire underwriters regarding the inspection of electrical wiring throughout the city, has completed his downfall. Chairman of the board of the city board is engaged in the selection of Nixon's successor.

HINDU, OUT ON BAIL, GIVEN SECOND HEARING

SAN FRANCISCO, May 1.—An immigration authorities yesterday informed Carl Sforzazo, attorney for Hay Dyal, the Hindu, recently given a hearing as to whether he should be deported from this country, that a second examination had been ordered by the Secretary of Labor.

Hay Dyal was arrested four weeks ago on a representation by the British government to this Government that his teachings were anarchistic and asking that he be returned to India. He was given the usual hearing, and the testimony and briefs were forwarded to Washington.

ANNIE LAURIE RECEPTION.

Invitations have been issued by the California Writers' Club for a reception to be given Annie Laurie, the well-known newspaper woman. The reception is to take place at the Key Route Inn on Saturday evening, May 9.

Annie Laurie, who in private life is Mrs. Winifred Black Bonills, won her first recognition as a newspaper writer on one of the San Francisco dailies. Since then she has written several books. Her first attempt was designed for children, and many anecdotes were in reality taken from the life of her own son, at that time a dandy toddler. Since then Annie Laurie's work carried her eastward.

In New York, where she lived for many years, her name was a familiar one to all readers of the East of the hat at Hayward and from whose windows is obtained an inspiring view of the many hills and valleys of the county wherein are house members of the club.

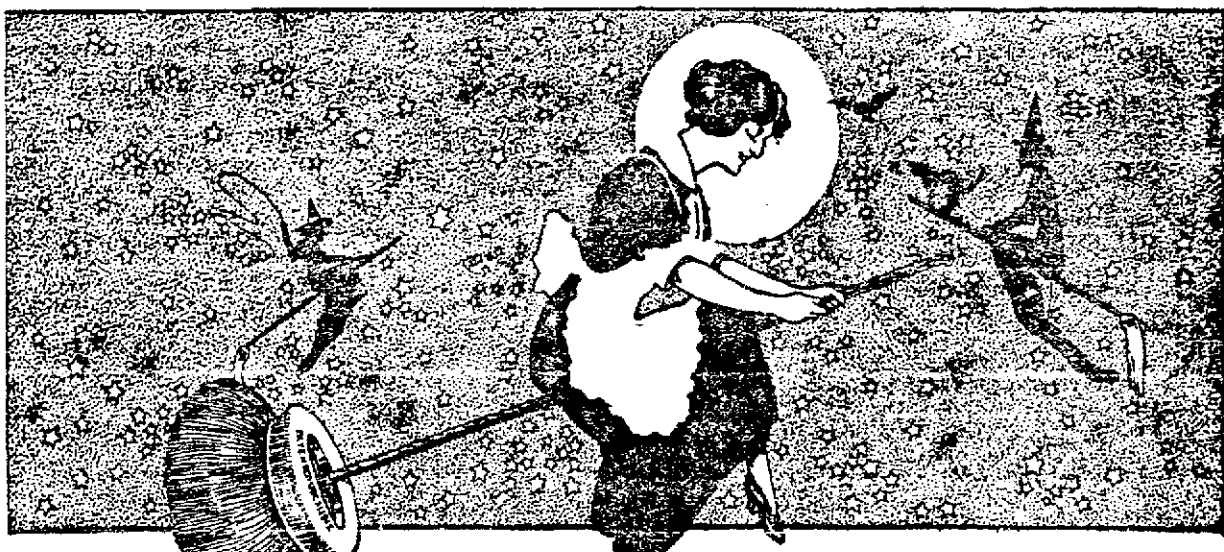

COURT STRAIGHTENS IRREGULAR MARRIAGE

Because she neglected to have her interlocutory decree of divorce made final and remarried Eveline Oliver found it necessary to go through the proceedings today in order that she might have her marriage to Frank Oliver annulled so that she might marry him and straighten out the discrepancy in the records. She was represented in the actions by Attorneys Rose and Silverstein. Mrs. Oliver was divorced in 1911 and a year later did not get her final decree. In 1913 she married again and according to the law the ceremony was illegal.

Rose Samuels was granted a final decree from Henry Samuels and Adelaide Barlaschini obtained a similar decree from her husband, John. J. A. Moritz also got a final from Josephine Moritz.

ENDS LIFE RATHER THAN BE ARRESTED

NORFOLK, Va., May 1.—Sergeant William Zepper of Company 148, stationed at Fortress Monroe, ended his life with a bullet in his chest, yesterday rather than submit to arrest by a squad of his former comrades. Zepper had been absent from the fort for several days and a sergeant was sent out on a mission. When he saw them coming he fired a bullet into his brain.

porate properties, such as terminals and branches.

Fourth—That, relying on the terms under which the Central Pacific's debt to the government of \$55,000,000 was settled in 1913, the Southern Pacific company undertook heavy financial obligations, not only guaranteeing payment of this debt, but also guaranteeing the payment of the Central Pacific's mortgage bond issue of the Central Pacific. In this connection, it is contended that the government could not consistently and with justice have accepted this settlement, of which it did have full knowledge as party thereto, if the arrangement in question was not a bona fide settlement.

DECLINED TO DISTURB RELATIONS

Fifth—That, even as late as 1912, in the recent, so-called Harriman underwear suit, when the United States Supreme Court ordered the dissolution of the Union Pacific and the Southern Pacific, the court, the highest tribunal in the land, found no reason to disturb the relations between the Central Pacific and the Southern Pacific. The Supreme Court ordered the dissolution of the Union Pacific from the Southern Pacific but as to the Central-Southern Pacific relations, said, "We find no reason to disturb the action of the court below." The court below had declined to disturb the Central-Southern Pacific relations, although the facts concerning it were at the time brought out.

Commenting on the fact that the lines were in one ownership and management and developed as one property, the court said, "The answer points out that, because of this fact, little heed was given as to which corporation should hold the title to terminal properties and branch lines. Accordingly branch lines from points on the Central Pacific were built and owned by the Southern Pacific Railroad company. These branches having no connection with the main line of the Southern Pacific Railroad company except through Central Pacific lines. At important points the entire title to valuable terminal properties was taken and held in the name of the Central Pacific Railroad company. At other points the title to terminal property was held by the Southern Pacific Railroad company.

Any separation of the Central Pacific lines from the Southern Pacific lines, it is asserted, cannot now be had except with great detriment and injury.

FURTHER ALLEGATIONS.

The answer further sets forth the granting by the government of subsidy of the treasury and the interior and the attorney-general constitute a conspiracy with full power to settle this indebtedness by agreement between them and the railroads involved and with the written approval of the President of the United States.

The answer alleges:

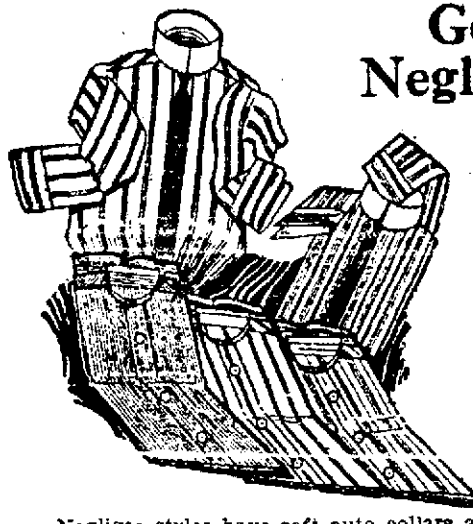

"It was well understood by the Congress at the time of the passage of this law that the said indebtedness of the Central Pacific Railroad company to the United States government amounted to at least \$55,000,000 and according to the terms of said law, the Central Pacific Railroad company was required to pay during each of the ten years allowed for the payment of said debt the sum of \$5,500,000 per annum.

"This sum exceeded many times over any possible net earnings of the Central Pacific Railroad company that could be applied to the payment of this debt, and it cannot be questioned that the Congress intended and understood that this debt could only be paid by the employment of the credit and resources of the Southern Pacific company, and that compliance with the prescribed terms of the settlement necessarily involved participation therein by the Southern Pacific company, and the only motive for consideration which could induce the said Southern Pacific company to participate in the payment of the Central Pacific Railroad company's debt to the government was the existence of the aforesaid relations between it and that company and its desire to continue such relations and to make permanent its control of that part of its system.

ern Pacific company, and that compliance with the prescribed terms of the settlement necessarily involved participation therein by the Southern Pacific company, and the only motive for consideration which could induce the said Southern Pacific company to participate in the payment of the Central Pacific Railroad company's debt to the government was the existence of the aforesaid relations between it and that company and its desire to continue such relations and to make permanent its control of that part of its system.

CONTEMPLATED BY CONGRESS.

"The defendants, therefore, allege that the Congress at the time it enacted the said law of July 7, 1912, contemplated and expected such participation by the Southern Pacific company in the settlement provided for and had full power to arrange for such security for the payment of said indebtedness as to said commission might seem expedient."

The commission created by Congress

under the authority of this act made an agreement with the Central Pacific Railroad company for the payment of this debt in 20 semi-annual installments.

Copies of the agreement and memorandum of understanding were made, so that not only the private parties interested, but the President of the United States and all government officials, including members of Congress, knew that by the terms of the re-adjustment, the Southern Pacific company was to acquire the ownership of the entire capital stock of the Central Pacific Railroad company, and know also of the lease and operation of the Central Pacific lines as a part of the Southern Pacific system, the things now complained of as being in violation of the Sherman anti-trust law.

It is recited that they knew also at the time that the Central Pacific would not, without the aid of the Southern Pacific, comply with the terms of the agreement, and they based on the participation of the latter their assurance that the agreement would be carried out financially.

OBLIGATIONS IN CONSEQUENCE.

In consequence, it is recited, the Southern Pacific company incurred the obligation of guaranteeing the \$100,000,000 of the first refunding 4 percent mortgage bonds of the Central Pacific Railroad company, which are now outstanding and of acquiring the \$12,000,000 preferred stock and the \$67,275,500 common stock of the Central Pacific Railroad company. For this stock, the Southern Pacific company gave either cash or its equivalent in its own capital stock. Furthermore, the United States government received \$33,812,714.48 in payment of the Central Pacific debt, which it would not otherwise have paid.

In like manner, relying on the expectation and belief created and induced by the government as above, the Southern Pacific company has no reason to regret its participation in the settlement, details of this being given in the answer.

The answer further relies upon the decree of the United States Supreme court in the suit which resulted in the separation of the Union Pacific Railroad company from the Southern Pacific company as a bar to the present suit.

The answer was filed by all the defendants other than the Union Trust company, of New York, through William F. Herrin, solicitor for the defendant, and J. P. Blair, P. F. Dunne and Garrett W. McEnerney of counsel.

BASEMENT WEEK

Yesterday's opening sales of Basement Week happily inaugurated an event of special significance to the thrifty shoppers of Oakland. This Basement, bigger in itself than our old store at Twelfth and Washington, fairly teems with under-priced merchandise. Old patrons who were among the thousands yesterday found new satisfaction, while to those who were here for the first time the size of the stocks and the values were a revelation that will not be forgotten when future purchases are to be made.

The pure water washed air wafted in our Basement Store by a superior ventilating system was a subject of flattering comment yesterday. Regardless of the crowds, which in most Basement Stores would have made the air stifling the atmosphere, was as fresh and comfortable as the out of doors.

We select the following Basement items out of hundreds of others for particular mention tomorrow:

CITY'S BONDS GO FOR \$1,115,000

Municipal Improvement Issue Disposed to N. W. Halsey Company.

(Continued From Page 1)

are held by the company under a thirty-day option.

This is the lowest interest on which any of the 1913 bonds of the city have sold. At the time the people voted to authorize raising of interest on its bonds rendered necessary when the old bonds would not sell, the council was empowered to fix a sliding scale of interest, not to exceed 5 1/2 per cent. Under this arrangement the first \$1,110,000 worth of bonds were sold at 5 1/2 per cent, the next \$750,000 worth at 5 per cent and now the balance has gone at 4 1/2 per cent.

This means that we have gotten into the market again," said Mayor Mott. "We are selling our bonds at the old figure again; a great saving. This is one of the best things that has ever happened to the city."

DEPOSIT \$10,000 CHECK.
The Halsey Company deposited a \$10,000 check as an evidence of good faith in making the offer, which was accepted by unanimous vote. "There will be no harm in this thirty-day option," declared Assistant City Attorney Charles Boardman. "For it will take us at least that time to have the bonds engraved. Considering the tightness of the bond market, due to the Mexican situation and money stringency, I believe Oakland has been given an opportunity that is wonderful."

"There are few cities in the United States," declared Mayor Mott, "that can today sell their bonds at this interest. We had to call an election to raise interest on our bonds, but we are freed from the necessity of doing this. We have the market behind us again."

The interest on the bonds to be paid by the city will be \$17,000 per year. The selling of these bonds relieves Oakland of all immediate debt; in other words, the city will have funds to immediately pay for all building and public improvement work save the completion of the auditorium, which must be taken care of by a separate bond issue. The low interest of the bonds as sold will save the city a large sized fortune.

The purchase of the bonds at face value is one of the most remarkable financial triumphs ever scored by Oakland, according to members of the council.

The resolution accepting the offer of the Halsey Company, and transmitted, after unanimous vote, to J. J. McClellan, representative of the firm, was as follows: Whereas, the council of the city of Oakland has investigated the condition of the present bond market with the intention to secure the best possible offers for the portion of the municipal improvement bonds of 1913 still unsold and unsold, and

The Modesto delegation will come on the same train with the Stockton members.

Nervous Periodical Headaches

SUCCESSION IN ANT-KAMMIA TABLETS
This trouble commonly called "sick headaches," is said to be due to the retention of acids in the system. Often it is stated that a poor condition of the blood is a cause of these headaches, or that it is a nervous condition, and in certain cases, no doubt, this is true.

Where treatment is demanded, it is more for the pain than anything else, and Dr. A. P. Schellenger of Louisville, has found Ant-Kammia Tablets to give prompt and satisfactory relief. "Rest should be insisted upon," he says, "and the patient should go to bed, darken the room, and all the attendants and family should be as quiet as possible."

Ant-Kammia Tablets are a hot bath and a thorough rub-down with a coarse towel, then give prompt relief. Two Ant-Kammia Tablets when the first signs appear, will usually prevent the attack. During an attack one tablet every hour or two will shorten the attack and relieve the usual nausea and vomiting. These tablets may be obtained at all druggists. Ask for Ant-Kammia Tablets. They are also sold in your headaches, neuritis and all pains. We also make Ant-Kammia Tablets for skin diseases, eczema, etc.

CREATION SHOWN AS PHOTO-DRAMA

Remarkable Films to Be Exhibited at the Macdonough by Bible Students.

The photo-drama of Creation, a religious play in four parts, comes to the Macdonough theater today and will continue until May 10, with two exhibitions daily, and three on Sunday.

The photo-drama is under the direction of the International Bible Students association, of which Pastor Russell is the head. It is one of the most remarkable films that has ever been shown on the screen, and was selected as a means for reaching the masses and interpreting the Bible to those who refused to listen to its teachings. Finding that the greatest stumbling block in the way of many was the Creation, and that the Bible interpreted itself unscientifically to many, it was determined to give the story through the medium of the "movies."

Beginning with the nebula star theory, the pictures show the formation that, according to science became the world. There are shown the gathering of the gases, the evolution toward solidifying, and finally the consolidation into the bare world of the beginning. Then comes the preparation of earth for man. First is shown the creation of the vegetable kingdom, the methods by which the various kinds of plants crossed one another, making new kinds. Then comes the creation of animal kingdom. In this prehistoric beings of fantastic shape and size startle the persons that have not made a study of the "world as it was in the beginning." Detail has been closely followed and museums have been raked for anything that could add to the value of the drama.

The preparation of the films used in the exhibitions has involved a great expense and activities conducted in all parts of the world. The cameras have been carried into the jungles and have on the mount of Olives and in Jerusalem have found backgrounds for re-enacted tragedies.

The reels unfold the story from beginning to the end, and covers about eight hours for the entire exhibition, schedule of daily exhibits of which can be secured at the box office. Each part is complete in itself.

Arrangements have been made for the management of the theater whereby two-thirds of all seats are free to the public, and preferred seating at the International Bible Students association at the theater. The remainder of the seats are reserved by the Macdonough management and sold at popular prices to cover the running expenses during the ten days' exhibition.

STATE LIBRARY SCHOOL TO HOLD ENTRANCE EXAM.

SACRAMENTO, May 1.—The California State Library school in Sacramento, the first library school of its kind in California, is making preparation for the opening of its second year of work, in September, 1914. The purpose of the present class has fully justified the establishment of the school, and to provide students for the coming year, announcement is now made of a second entrance examination to be held in Sacramento, San Francisco and Los Angeles on May 14, 1914, to be given by the California State Civil Service Commission.

Candidates will be examined in literature and general information, history and current events. Education and experience are taken into consideration, and applicants are also graded as to personality and fitness for the work.

The regular course of this school is one year, and the next term will extend from September 23 to June.

The time before this examination is short, and those who may be interested are requested to communicate without delay with the state librarian, for further information and the necessary application blanks.

Persons desiring to enter this examination must file completed applications not later than May 11, 1914.

MISS EVELYN COLGAN CLAIMED AS BRIDE

SACRAMENTO, May 1.—Amid a beautiful setting of pink flowers and green foliage, Miss Evelyn Colgan of this city was wedded to Alva Johnston, a childhood sweetheart, who has won his spurs in newspaper work in New York. Bishop William Hall Morland performed the ceremony at the home of the bride's mother before an assemblage which included many of the society folk of this city.

In the wedding two of the most widely known families in this section of the state were united. The bride is the daughter of the late E. P. Colgan, former state controller, and Alva Johnston is the son of a J. H. Johnston, formerly state printer, and Mrs. Lillian Johnston, at one time city commissioner. Johnston is now a member of the editorial staff of the New York Times.

STEAMSHIP RATES ADVANCED.

NEW YORK, May 1.—The Eastern Steamship Corporation today put into effect its advance rates for first-class passengers on all lines west of Boston, according to the plan adopted February 25. The plan included also the discontinuance of second-class passage on all such boats. "Increased cost of the coal business" was the reason given by Passenger Traffic Manager C. H. Taylor for the increased tariffs.

MERRYMAKERS IN MAY DAY DANCES

Thousands Enjoy Delightful
Program at Elaborate
Celebration.

SAN FRANCISCO, May 1.—With thousands of children thronging the grounds of the Panama-Pacific Exposition, dancing in May-pole dances, singing in choruses about the Queen of the May and feasting on sweetmeats, the great three-day Phoenix Fete in commemoration of the city's miraculous rise from ashes eight years ago opened this morning. Since May Day

children were given the opportunity to be the first guests of the men who have arranged the celebration and those who are authors of the world's greatest exposition.

Free transportation was provided to the foot of Van Ness avenue, where they assembled in merry multitude and marched into the fair grounds shortly before eleven o'clock. Gathering in the concessions district plaza, they were welcomed by Mayor Rolph, who invited them to enjoy

With a wreath of pink baby roses, he crowned seven-year-old Margaret Hayden, daughter of a local family, who claimed to be the Queen of the May. Before Queen Margaret and her four maids of honor an international May-pole dance was then given by twenty-five little girls representing as many nations. Carrying the flags of the nations which they portrayed, they twirled the exposition colors about the pole, and as the windings came to rest, they were greeted by Miss San Francisco and Miss California, represented by Miss Florence Power and Miss Trevelia Murphy.

Boys and girls from the schools of San Francisco participated in a second May-pole dance and this was followed by special and fancy dances under the direction of Miss Douglas and Miss Allen. Open air vaudeville for an hour then entertained the little guests, talent having been furnished from the various theaters. The program for the day closed with fancy dances by the girls of the State Normal School under the direction of Miss J. E. Norton, after which the thousands of children joined in singing "America."

PLENTY OF DIVERSION.

Diversion in plenty amused the guests through the remainder of the daylight hours. Two large tents were erected among them with quip and jest. Refreshments were served in the shape of lemonade, cakes, cookies, oranges, canaries, lemonade and ice cream. Three large sand piles were provided for young treasure-hunters and in their shifting depths were hidden thousands of pennies, watches, toys, enameled pins and trinkets for which they dug and sifted. Five thousand American flags and pennants were distributed by the Union Pacific Company through J. H. Matthews.

The committee in charge of the May Day program consisted of Frank C. Ford, director of exposition concessions; Fred W. Swanton, chairman of concessions; E. W. Wasserman, E. J. Levin, William J. Hogg, Harry Leavitt, Samuel Haller, A. Strassman, A. W. Lewis, Gusendroff, Broders, Dr. N. A. Conney and Mark Stone.

ADmits TRIMMING UP STATUTORY CHARGES

When Anita Stefanoni, a 14-year-old girl, went on the witness stand in Superior Judge Ogden's court and admitted that she had given false testimony in the police court accusing Manuel P. Silva of a statutory offense, the court instructed the jury to return a verdict of acquittal. Attorneys Rose and Silverstein, who conducted the defense of Silva, learned that the girl had charged Silva for the purpose of protecting a youth with whom she was enamored and who is in the county infirmary. J. Amadio, who was also charged by the Stefanoni girl and her companion, was tried recently and the jury disagreed. It is likely that the charge against him will be dismissed.

SEVERE BRONCHIAL COUGH

Doctors Feared Lung Trouble,
Restored to Health by
Vinol.

The medical profession does not believe that lung troubles are inherited but a person may inherit a weakness or tendency to them.

Mrs. Kate Heckman, Springfield, Ohio, says: "A few years ago I was in a very bad run-down condition, and the physician told me I had consumption. I tried another physician, and he told me I had ulcers on my right lung. I quit the physicians and started on Vinol. Today I am perfectly healthy, and that is why I recommend Vinol."

Vinol soothes and heals the inflamed surfaces of the lungs, Vinol creates an appetite, strengthens the digestive organs and gives the patient strength to throw off infectious pulmonary diseases.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. The Owl Drug Co., Oakland, Calif.

PLANS NEARING COMPLETION MIRTH WILL REIGN AT FETE

MISS DOROTHY LEVERICH, WHO WILL BE QUEEN OF THE MAY AT THE GARDEN FETE TOMORROW AT IDORA PARK.

Plans for the big May day fete at Idora Park tomorrow for the benefit of the Children's Hospital are fast assuming completion and from all indications the affair promises to be one of the most extraordinary entertainments of the sort ever given in this city.

Promptly at 11 o'clock Mayor Mott will crown Miss Dorothy Leverich queen of the fete. She will be accompanied to the throne by a numerous suite, her approach announced by court buglers. Following the coronation, the queen will preside over the dance the Maypole dance, and professional dancers will give exhibitions of fancy steps and dances.

One of the concessions planned to create much amusement is the fortune-telling booth. In charge of Mrs. J. F. Street. Mrs. Street will have at her disposal Miss Eugenie, Miss Hubbard, Miss Lillian Card, Miss Edith Geiger, Mrs. Gillian, Miss Anna Street and Miss Louise Street. The booth will be a replica of an Egyptian room, wherein will be found all that goes to call up the mystic and uncanny and the future. The young ladies will be gowned in the costume of the Egyptian women, and will receive prophecies and chant their future by the use of cards, tea grounds, palm reading will also be a feature of this attraction. Aside from the fortune telling, the decorations will be unusually novel and attractive.

ALLURING GARDEN.
Mrs. Gier has charge of the tea garden, another spot designed to prove a popular retreat during the day. The peaceful effect of the Japanese garden, which are to be the scene of the fete, will be enhanced by the presence of the tea garden.

The management of Idora Park is co-operating in every way with the ladies in charge of the fete, and no place could be found in which to celebrate the May day than at the garden fete, the benefits of which are to go for the care and maintenance of the dependent ill children of the city. There will be a plenty for grown-ups and kiddies alike.

Mrs. William Thornton Blackburn is president of the board of managers of the Hospital Association, while Mrs. Gilbert of Alameda is chairman of the committee on the garden fete. Other prominent society and club women are assisting in the big festival and its success is the promised reward of these philanthropic women.

DANCE BEFORE THRONE.
Miss Helen MacGregor, the well-known artist and purveyor of Scottish dances, has offered her services to the ladies, and will dance before the Queen's throne. This young lady is the only girl in the world who can play the bag pipes. She will be accompanied in her dance by Piper Professor Demmon.

Miss Rhoda Mitchell, reader and artist, has been prominent in helping to promote the welfare and success of the exercises. Mrs. William Thornton Blackburn is general director of the fete. She has been very ably assisted by her committees and the big garden party will be the mecca of the holiday crowds of the east bay cities on Saturday.

Mrs. Sedlmayer Out On 5-Year Probation

SAN FRANCISCO, May 1.—Louis Sedlmayer protested in vain today to Superior Judge Dumas when the latter released his divorced wife on a five year probationary term. She was charged with assisting in the shooting of Sedlmayer last December.

PLAN ENTERTAINMENT OF HARBORS COMMITTEE

Plans covering the proposed visit of the Congressional Rivers and Harbors committee to Oakland during the present month were discussed by the Harbor Development committee of the Commercial Club yesterday. Fifteen hundred dollars will be required for the adequate entertainment of this large committee, and a recommendation was made to the board of governors that an appeal be made to the various organizations of the city to raise the sum. A condition of its expenditure will be that the delegation remain in Oakland for twenty-four hours.

ROLPH'S SPANIEL IS FINEST DOG IN SHOW

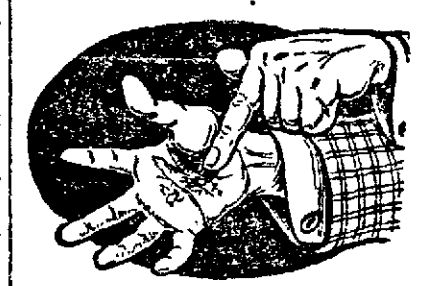

SAN FRANCISCO, May 1.—The Golden Gate Kennel Club closed a successful bench show here last night, and awarded final honors. Oakland and San Francisco exhibitors were among the prize takers. The president's cup was captured by Mrs. Leon L. Rose, with Champion Marland Osl, a black Pomeranian. T. Martin Smith's Yankee Doodle Dick won in the Boston terrier class, and Walter Steinhilber's fox terrier won out in the smooth and wire haired classes. Mrs. O. F. Johnson's dog, a beautiful black and white French bulldog puppy in Alameda county.

PICKPOCKETS RELIEVE VICTIMS OF WATCHES

O. H. Wood, 812 Broadway, reported to the police that a clever pickpocket had relieved him of a gold watch and fob last night. He believes that a man who collided with him at Eighth and Franklin streets, was the thief.

Splendid Remedy For Eczema

Also for Salt Rheum, Acne, Tetter, Psoriasis and Other Skin Troubles.

After using S. S. S. for a while, the characteristic marks of all skin troubles change completely. When the skin becomes healthy, the lower skin loses its power to divert impurities and thus they continue to gather in the weak spots or those already attacked. The action of S. S. S. is that of an antidote, and this fact has been demonstrated time and time again in the most severe forms of weeping eczema. Its influence in the tissues where the tiny arteries transfer the red blood for the worn-out blood to the veins is quite remarkable and goes on constantly with every tick of the clock—the best of the heart. And new skin is thus caused to form while the germs of irritating influences that cause eczema are scattered and their harmful nature entirely suspended. S. S. S. has a wonderful tonic influence on the blood because it contains no "dope," is entirely free of any mineral drugs or any other toxic substances, and is made of the pure vegetable products of which it is made. Few people realize how harmful are many of the strong, crude ointments that used to be a favor before they learned that S. S. S. is safe, speedy and sure. Ask at any drug store for a bottle of S. S. S. Give it a good trial and you will soon see a decided improvement in any form of skin trouble. Write to The Swift Specific Co., 558 Swift Bldg., Atlanta, Ga., for special free advice and new book on skin or blood trouble.

GET RID OF HUMORS

Dr. moist, scaly tetter, all forms of eczema or salt rheum, pimples and other eruptions come from humors, which may be either inherited or acquired through defective digestion and assimilation. To treat these eruptions with drying medicines is dangerous. Hood's Sarsaparilla, the old reliable medicine, helps the system to discharge the humors, and to improve the digestion and assimilation. Hood's Sarsaparilla, which may be confidently relied upon to do its work. It purifies the blood, tones the stomach, and builds up the whole system. It goes to the roots of a disease, and its beneficial results are permanent. It sets things to rights in the system. Remember to ask for Hood's Sarsaparilla, because nothing else acts like it and nothing can take its place.

POLICE SEEK CAUSE OF WOMAN'S RASH ACT

Whether dependency, due to ill health, or some other trouble, led to her death will be solved by the police, investigating the case of Mrs. Corrie Van Glyn, who committed suicide at the Raymond apartments last evening. The woman, wrapping her head in a blanket, that the sound of her revolver might not be heard, sent a bullet into her brain. It is believed that she died instantly.

NUMEROUS BURGLARIES BUSY OAKLAND POLICE

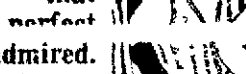

Burglaries of a minor nature were plentiful on the police blotter this morning, following night reports from residents of Oakland. Leo E. Oneto, 628 Twelfth street, reported his room entered and articles to the value of \$20 stolen. J. Arculing, 2134 Telegraph avenue, reported his room looted, and clothing taken. The total loss was estimated at \$1. J. T. Scheppech, Sixteenth and Wood streets, reported that his home was entered and numerous small articles taken. The police are investigating.

Remedy Used By Three Generations

Mothers Who Took It When
Children Now Giving It
to Their Children.

There must be genuine merit to an article that has stood the test of two generations of users.

In the field of medicine none has had greater success, nor retained that success to a greater degree, than Dr. Caldwell's Syrup Pepsin, which is now being used by three generations of people. Its use in families is constantly becoming more general. The reason, primarily, is that it has merit. It is what it represents itself to be, a laxative- tonic; it does not make exaggerated claims and it never fails to set forth its virtues.

It is a medicine, but so mild and gentle a medicine that thousands of mothers give it to their infants, and yet, in a slightly larger dose, it is equally effective for grown-ups. It is for any disorder of the stomach, liver, bowels, or any of the organs of the digestive system. It is equally effective for biliousness, sour stomach, gas on the stomach, head- aches, drowsiness after eating and similar complaints arising from a clogged-up condition of the bowels. It is pleasant to the taste and does not grip the bowels. It is a safe and good result by anyone at any age or in any condition of health, and that person's health will im- prove. Every druggist sells it and a bottle, for a few cents, will postal card with your name and ad- dress on it will do.

WM. ROSWELL TAYLOR

The country are never without Syrup Pepsin in the house, among them Mrs. W. A. Taylor, 117 Lincoln Ave., Beloit, Wis. She has five children and gives Dr. Caldwell's Syrup Pepsin to all of them. It has been used to all their ailments with cramps and pain, but since being given Syrup Pepsin he does so no longer. The use of this remedy will teach you to avoid cathartics, salts, purgatives and physics generally as they are entirely too harsh. Syrup Pepsin cures gradually, but the cure is comfortable, safe and permanent. Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 North Dearborn St., Chicago, Ill.

MAY DAY FETE AT LAFAYETTE SCHOOL

Mothers' Club Holds Entertain-
ment for Faculty, Pupils
and Guests.

The annual May Day fete of Lafayette School will be held on the school grounds tomorrow, continuing the entire day. A program of varied activities has been prepared, including the May-pole dance, crowning of the May-queen, flower pa- rades, athletics and literary and musical exercises.

At noon a luncheon will be served and in past years many friends of the school will be expected to forsake their own dining rooms for the measure of a dainty and wholesome spread, such as the Mothers' Club members are capable of serving. The music will be rendered by the Lafayette Band. The program is well drilled and perfected right in the school. Principal C. F. Gubick has been a big factor in the upbuilding of this popular institution, and deserves great credit for the success he has achieved. The per- sonnel of teachers have been diligent and the departmental units work with a harmony that insures high efficiency.

AN ACTIVE CLUB.
The May Day festivities are held under the direction of the Lafayette Mothers' Club, one of the active agencies in pub- lic affairs of the city. It not only works in co-operation with the school authorities toward perfecting the child mind, but it reaches out into avenues beyond the jurisdiction of the faculty and school board. Many cases of physical distress have been alleviated through the club's ministrations.

It has direct affiliation with the Child's Welfare League and gives support to that organization in its work of protecting child life. The president, Mrs. H. W. Spencer, is one of the well-known charity workers of the state, and much of her time is given to the work of the Mothers' Club. She is ably assisted by a corps of tireless workers.
The committee in charge of the La- fayette May Day activities includes: Chairman of the day, Mrs. L. W. Wolff; theater and May-pole, Mrs. H. W. Spencer; pennants, Mrs. J. O. Hand; pro- grams, Mrs. I. Wolff and Mrs. N. C. Kin- sey; fish-pond, Mrs. S. T. White and Miss Evelyn Price; candy and cake, Mrs. L. B. Hader and Mrs. A. Feno; ice cream, Mrs. M. Behr, Mrs. Nellie Nelson and Mrs. George Gordon; peanuts and crisps, Mrs. E. P. Demark; refreshments, Mrs. J. R. Hicks and Mrs. T. L. Law; soda water, Mrs. F. Price and Mrs. L. B. Tittel.
Miss Emma Davis, one of the most pop- ular pupils of the school, has been chosen "Queen of the May." She will be assisted by a bevy of fluffy, white-clad attendants. Frances Frates will adjust the crown of flowers.

COMPANY DESIRES LOCAL TERMINAL

Will Make Change if Tracking
Facilities Can Be
Arranged.

That one steamship company has pro- posed to change its terminal from San Francisco to Oakland provided that definite action be taken within thirty days toward the construction of docking facilities here was the announcement made yesterday at the meeting of the Harbor Development committee of the Oakland Commercial Club. To press upon the city commissioners the importance of the im- mediate service of the waterfront, a com- mittee of three, consisting of V. O. Law- rence, T. E. Risley and Harry Anderson, was appointed.

This committee will urge the neces- sity of building railroad tracks at once to bring Apron wharf No. 1 into service. In has been sent to the city council.
"The Harbor Development committee of the Oakland Commercial Club has in- vestigated the matter of street openings to the waterfront. As a result of this investigation we deem it advisable for the best interests of the city for the de- velopment of the waterfront pier, that Livingston street be extended easterly to Kennedy street and that Kennedy street be widened from its proposed intersec- tion with the waterfront to the city at- tention. Aerial photographs of the pier have been secured and its present con- dition as to its intersection with Railroad avenue.

This proposed improvement will give a direct connection between the area north- ward and easterly of Twenty-third and Railroad avenues and the Livingston street pier. The economic value of such a direct connection is plainly apparent. These present at yesterday's meeting of the committee were M. J. Lamance, chairman; Harmon Bell, F. J. Bigger, H. C. Capwell, O. E. Hotie, T. E. Risley and Ben F. Woolner.

NEILSEN DEFENDED

Attempts to Secure His Dismissal
Meet With Strong
Opposition.

VALLEJO, May 1.—Attempts of the "committee of one hundred" the Men's Forward Movement and allied organiza- tions to secure the dismissal of Carl H. Nielsen from the principalship of the high school, met with a signal rebuff last evening at the meeting of the Board of Education. Charges of intemperance and immorality have been leveled against the teacher and these accusations were to have been considered in executive ses- sion, if those opposing to Nielsen could have made such an arrangement.

There was a large attendance of the meeting (business men and school citi- zens, who had taken an interest in the attacks made upon the principal, and many of whom were his supporters. After the business of the high school had been transacted, Director Towley moved that the board go into executive session. Pres- ident Whitaker objected to this and stated that he desired to have the friends of Nielsen present, if his dismissal was to be discussed.

At this point former School Director W. H. Mitchell took the floor and said of having been a member of the board of education when Nielsen was elected principal. He said that he had been chosen from a list of twenty-nine candi- dates and that under his charge the high school had made better advancement than at any time in its history.

Nielsen was also endorsed by John Askin, who stated that he had a number of Nielsen's former pupils under his charge in the navy yard and that they all spoke of him in the highest terms.

"In the present case Nielsen is the vic- tim of professional agitators who are seeking to vent their spleen on him," declared Askin in conclusion.
Nielsen expressed an appreciation of the kind words spoken in his behalf and assured the board that he had not asked any person to appear in his support. The matter was carried no further than this, and no action was taken by the board.

NEW CABINET SHOWS A STRONG FRIENDSHIP FOR U. S., IS DECLARED.

TOKYO, May 1.—Though not yet of- ficially announced, it is generally under- stood that Viscount Oura, Minister of Agriculture and Commerce, will be ap- pointed Commissioner General to the Pan- ama-Pacific International Exposition. Vis- count Oura, an ardent supporter of the United States, has assumed towards the United States a friendly attitude. He is a graduate of Annapolis, will represent the Mikado's government at the ex- position in the capacity of vice-commissioner general.

One of the most significant things about the Oura cabinet just inaugurated is the friendly attitude it has assumed towards the United States. Count Oura, fami- liarly known as the Grand Old Man of Japan, seems anxious to restore the cordial relationship which has long bound the two nations together.
Simultaneously with the announcement by the government that it will participate in a large scale in the Panama-Pacific Exposition, the members of the House of Representatives who attended the Inter- Parliamentary conference held in Belgium last year, issued an invitation to the congressmen of the United States who participated in the conference, asking them to visit Japan in June. This in- vitation is generally regarded as a signif- icant event.

Electrified Limb Causes Man's Death

The branch of a tree, full of spring sap, man, employed by the Pacific Gas and Electric Company, when the limb, which he was trimming, came in contact with a high tension wire. The man was hurled twenty feet to the ground, and is believed to have died instantly. The accident happened yesterday near Livermore. An inquest will be held.

ALUMNAE ATTEND ANNUAL MEETING

Students of Holy Names Col-
lege Spend Enjoyable
Day.

The annual meeting of the alumnae of the College of Holy Names, comprising women from all parts of the Pacific Coast, was held yesterday in the College of Holy Names on Webster street. There are sixty members in the alumnae, but there are 200 in the association, which dates from 1872, when the first class graduated from that college until 1914. The members of the class of 1914 were presented to the alumnae yesterday afternoon at 4 o'clock. In the class are Miss Florence Forster, Miss Mary Quinn, Miss Anna Weinert, Miss Sally Gibbs, Miss Isabel Cox, Miss Mary Quinn, Miss Adair Llewellyn, Miss Marie Diepbroeck and Miss Mildred Rob- erts.

Among the guests at the luncheon were a number of the Sisters of the Order of the Holy Names, who belong to the alumnae, including an honored guest in the person of a former Mother Superior of the Oakland convent.

At the business session plans were dis- cussed for holding a past pupils' associa- tion day at the convent next spring. It was decided that whenever this day would alternate with the annual meeting of the Alumnae Association. The organization was considered the question of holding a retreat for women. The meeting closed with benediction in the convent chapel. The officers of the association include: President, Sister Mary Joseph of St. Ne- bul; treasurer, Sister Elizabeth Alwood; secretary, Sister Helena Alwood; and Miss Agnes Wheeler, Oakland.

Await Outcome of Garretson Charges

Whether or not William Garretson, city clerk of Hayward, will resign his office at the meeting of the town trustees next Monday night, as the result of alleged shortages in his accounts with Treasurer Haas, is a question which persons fami- liar with the case could shed no light upon today and in the meantime the district attorney. The alleged shortage of about \$800 was discovered Monday when Garretson endeavored to negotiate a loan. An expert was called in and his books audited. Then Garretson left town, returning yesterday. He said that he would not resign.
With the difficulties involving Garretson, several aspirants have already ap- peared as candidates for his position in the coming election. He is removed from office by the trustees Monday. The board consists of Charles Haver, mayor; Joseph Armstrong, Arthur Manner, Frank Hoff- man and Sam Smead.

Negro Found With Missing Necklace

SAN FRANCISCO, May 1.—New fields, a negro was arrested on the circus grounds of the San Francisco police with a \$500 diamond necklace in his possession. The necklace was reported missing by a Pasadena woman, who lost it while at- tending the show there, and someone was seen to pick it up. On advice received from the police, fields was taken into cus- tody. The necklace was found and turned into the hands of his coat. He says he was waiting for the offer of a reward before returning it. He will be sent south for trial.

ART DEALER ENDS OWN LIFE BY GAS IN STUDIO

NEW YORK, May 1.—Rudolph Seckel, an art connoisseur and dealer, who in- formed the late J. P. Morgan and many other prominent persons among his pat- rons, was found dead yesterday in his studio, a suicide by gas. There was no clew to the motive that led Seckel to take his life. Friends say he had a busi- ness of \$20,000 a year.

CIGAR STORE KEEPER FALLS AMONG THIEVES

SAN FRANCISCO, May 1.—When A. L. Watlington, proprietor of a cigar store at 47 Sixth street, looked up his place of business at midnight and started to walk toward Market street, he was accosted by three men. They pulled him into a doorway, and went through his pockets, taking his purse containing \$50. He be- lieves they were watching for him to leave, hoping to get his day's receipts. He has, however, deposited the bulk of his money in a safe deposit vault earlier in the evening.

DOES YOUR STOMACH CONTAIN A GLASSFUL OF ACID?

95 OUT OF 100 DYSPEPTICS HAVE DANGEROUS ACID IN THEIR STOMACHS, WHICH MUST BE NEUTRALIZED IF GOOD HEALTH IS TO BE MAINTAINED.
If you had a "glassful of hydro- chloric acid" in your stomach for only a second you would not be surprised at its burning and inflaming all the tissues of the stomach. An eminent specialist states that 95 out of 100 dyspeptics so afflicted with a "glassful of acid" in their stomachs, and then wonder what causes the burning and aching and why they suffer the discomfort after meals. To put wholesome food into an acid stomach only increases the discomfort, because the acid mixes with the fresh food and turns it sour, making a lot more acid. The acid condition causes food fermentation, which irritates, dis- tends and inflames the tender stomach lining and the result is a "glassful of acid" in the stomach. This decidedly dangerous and uncom- fortable condition can be overcome either by following a strict diet, or, and this is far easier and more quickly effective, by taking a teaspoonful of bisulphate of magnesia in a quarter glassful of water after meals to neutralize the acid. The lat- ter course is much more satisfactory be- cause it corrects the acidity and ban- ishes discomfort without any need for diet.

DEATH FLAUNTS J. D. JR., AT MEET

Anti-Militarists Display Skull and Bones on Banner; Violence Threatened

NEW YORK, May 1.—A banner bearing a skull and cross bones and the caption "Number 25 Broadway" was displayed at a large meeting of the Anti-Militarist League today held at Mulberry Bend Park only a few blocks from the Standard Oil Building.

Alexander Berkman the anarchist who shot Henry C. Frick, called the meeting to order. Marie Ganz was the first speaker. He delivered a tirade of personal violence to John D. Rockefeller, Jr. Mr. Berkman did not appear at his offices today. His secretary said that although he was not ill he was greatly broken up by the order of criticism he had undergone in connection with the Colorado mine strike. He said that Mr. Rockefeller had been made to bear the brunt of criticism and he hoped in the near future to devise some plan whereby he might relieve the situation, so far as the demonstrations against him were concerned.

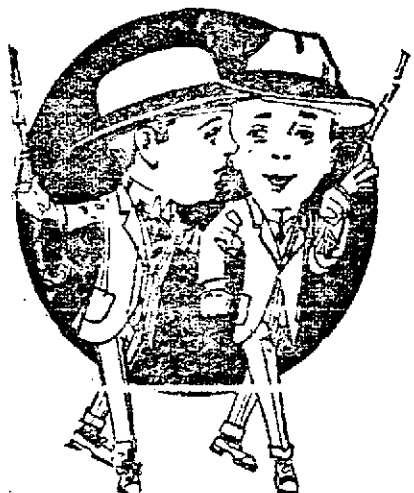

"Mourners" were again marching up and down in front of the Standard Oil building at 25 Broadway. A threat to keep a hearse on the scene did not materialize.

Among the marchers were Sarah Greenwood and Elizabeth Freeman, English suffragettes. Miss Freeman was released this morning from the Tombs prison, against her will. With Upton Sinclair and another woman, she had gone to prison rather than pay a fine of \$3 for disorderly conduct.

Nordica's Husband Awaits Details

NEW YORK, May 1.—George W. Young, a banker of this city, is anxiously waiting further news today of the condition of his wife, Mrs. Ellen Nordica, the prima donna who is critically ill in Batavia. The first news of the singer's release came to Mr. Young on Wednesday in a cable dispatch from E. R. Simmons, Mrs. Nordica's accompanist, who has been with her on this trip.

Yesterday he received another cable message from Mr. Simmons that Mrs. Nordica was sinking rapidly, and that the physicians held out little hope.

IDIOCY CAUSED BY GLAND SAVANT EXPLAINS CURES

DR. C. GARRE, WHO BLAMES THYROID GLAND FOR AMERICAN PHYSICAL UNDEVELOPMENT.

Transplantation of human organs, especially the thyroid gland, will within the next decade thin down the ranks of undeveloped and mentally deficient children to a tremendous degree, according to Dr. C. Garre, director of surgery at the University of Bonn in Germany, and one of Europe's most famous surgeons, who is a visitor in San Francisco, today, and who will be a guest of the Alameda County Medical association early next week.

Dr. Garre, who is a friend and co-worker of Dr. Alexis Carrel, says the transplanting of human organs is only in its infancy. Some years ago the German surgeon transplanted the kidney from one dog to another with such successful result as to electrify the medical world.

"Undoubtedly the transplantation of the thyroid gland will revolutionize the work of the social worker within a few years," says Dr. Garre. "Crime, idiosyncrasy, the lack of development in children, degeneracy, will be lessened to an inconceivable degree through the knowledge of this remarkable organ which is just dawning upon us."

"To the thyroid gland, situated in

TENDERLOIN LID WILL BE OFF

Gay Lights Will Again Twinkle During Big Celebration.

SAN FRANCISCO, May 1.—Joy will reign in the new tenderloin tonight and the cafe district will be alive with lights and laughter as the result of the order of Chief White today permitting dancing during the May day festival.

The disciples of temperance will be permitted to trip the light fantastic to their heart's content tonight and tomorrow night in all parts of the city except on the Barbary Coast.

It is the desire of the police officials that great numbers be given to the merry-makers and, in consequence, the district bounded by Ellis, Taylor, and Market streets, should be lively for the next forty-eight hours.

Observe Anniversary Of Manila Battle

WASHINGTON, May 1.—Today marked the sixteenth anniversary of the Battle of Manila Bay. In celebration of the event Admiral George Dewey, hero of Manila Bay and president of the Society of Manila Bay, will give a dinner to the members of the society at his home here tonight. The society is composed of those who participated in that famous battle.

Cancer Death Rate Increases in N. Y.

NEW YORK, May 1.—In a statement just issued showing the death rate from cancer in 1913, the American Society for the Prevention of Cancer calls attention to the need of a national movement to check the death rate from this source. For New York City the rate was 82 in each 100,000 of the population against an average of 70 for the last five years.

CHIEF SOUNDS SLOGAN FOR CHURCH

Walter J. Petersen Writes for Tribune, Advocating "Go to Church" Move.

Among layman workers there is no one more indefatigable in Oakland than Chief of Police Walter J. Petersen, who has written for THE TRIBUNE an appreciation of the great "Go to Church Sunday Crusade" now going on in the east bay cities for a gala "Go to Church Sunday, May 17."

(BY CHIEF OF POLICE WALTER J. PETERSEN.)

"Go to Church Sunday" is absolutely necessary at this time if the church would save itself from its friends. The friends of the church who advise against changes in the routine of church work because "it is the way our fathers did it" are the friends who will ruin the church if they do not see the light and prevent the decay of this, the greatest institution of our civilization.

Every business, every branch of our social, business and scientific life needs new blood to keep abreast of the times and a great crusade such as is now in progress throughout the United States will most assuredly add new blood to the churches. The "go to church" movement is a movement that should have the support of every thinking man and woman who is able to attend the special services which are being arranged for May 17.

The church today is a place where new topics are discussed by eloquent men from a live, up-to-the-minute standpoint. How many laymen who have not kept in touch with the church in the past decade know of the changes? This campaign, as I understand it, is for the purpose of acquainting the whole people with the church as it is today and not as it was in our fathers' time. The greater part of the people still think

Rescue Crews Begin Assembling Bodies From Mine Disaster

ECCLES, W. Va., May 1.—Rescue crews last night assembled thirteen bodies at the foot of the shaft in mine No. 5 of the New River Coal Company, and today continued their work of exploration in the hope of locating all of the 172 men, who it now seems certain, lost their lives in the explosion last Tuesday afternoon.

Such may be the case again if a great many small contributors do not fill the pews of the churches not only "go to church Sunday" but every Sunday. The preacher must eat. He is filling a place in the community which is indispensable. He has spent years in preparation for the position and he is for the most part very poorly paid.

Deserted Wife Is Husband's Nemesis

Mrs. Catherine Boyer, who yesterday discovered in the records of the county clerk's office that her husband, Alden P. Boyer, had married and divorced Irene L. Drake within the last four months, following his desertion of her and their children, obtained a warrant for his arrest in San Francisco from Police Judge Edward Shortall. Mrs. Boyer No. 1 says that her husband left her and that she was forced to go to live with relatives in Siskiyou county. There she heard of his marriage on December 8 last to Miss Drake. On January 4 he sued his alleged second wife for divorce and obtained a decree on March 26 from Superior Judge Dona-

BATTLE WITH BANDITS IN BANK

After Dynamiting Safe and Shooting Man Robbers Flee

LOS ANGELES, May 1.—Deputy sheriffs from this city and a posse of citizens of Norwalk, were out today searching for four or five bandits who dynamited the safe of the Bank of Norwalk, and shot W. H. Fairbanks, a telephone man, during the operations. The robbers were surprised at work by the bank cashier, D. W. Horst, but they open fire on him, Fairbanks and other citizens, while they continued their efforts to destroy the vault. The fire of the dynamite was too hot, however, and they fled without obtaining any of the bank's money after withstanding a siege of more than an hour.

CITY BEAUTIFUL MOVEMENT STARTS

Council Offers Tentatively to Finance Campaign Among Schools.

Oakland's "City Garden Soldiers" were organized yesterday when at a meeting held in the Chamber of Commerce plans were formulated for the big movement which will place Oakland before the world in 1915 as the garden spot of California.

The meeting was called to choose officers for the committee, which will carry on the campaign. Prizes will be offered to school children to plant flowers in vacant lots. Prizes will also be offered to the owners whose lots present the best appearance. The committee will have charge of the awards and details of the plan. According to A. S. Levenson, one of the leaders of the movement, the city council will pay \$1500 toward the work.

MEN AND WOMEN SERVE.

The appointment of an executive committee to carry out details followed the choosing of the chairman. The committee will consist of the following: Dr. A. S. Kelly, Mrs. Cora E. Jones, Mrs. E. W. Owens, M. C. Buergemeister, Fred Seuberg, Geo. E. Furniss, W. S. Gould, Mrs. L. C. Elbert, J. A. Bohn and Walter G. Manuel. "I desire co-operation in every detail I take this position," said Miss Wood, when elected chairman. "I believe we can do great good for the city and that is the principal object of this work. I desire to have Oakland shown as the garden spot of California in 1915. To do so it will be necessary to have the support of all residents of the city. The children will take a keen interest of that I am sure, but the parents must also take an interest in the work."

CITY PROMISES HELP.

"I will only stay with the organization until July, although I expect to make my home here. After that time I will assist, but will not expect a salary for my work. We will have to lay out districts and draw up preliminary plans."

PRESENTS OPERA.

BERKELEY, May 1.—Miss Vician Grant gave a novel presentation of "Parsifal" at the home of her parents, Mr. and Mrs. J. P. Grant of North Berkeley, this week, which was enjoyed by a number of invited guests. Piano, violin and organ were utilized by the young musician in her interpretation.

ALAMEDA, May 1.—Quincy Kales, son of A. T. Kales, purchasing agent of Oakland, and a former resident of this city, was operated upon last night at the Alameda Sanatorium for appendicitis. He was stricken last night about 3 o'clock and the operation, which was performed by Dr. A. Hieronymus, was immediately decided upon. Quincy, who is 11 years of age, is reported as being better today.

PIONEER WOMAN IS.

Hickman, for forty years a resident of this city and well known by a large number of friends, died yesterday at her home, 1113 Sherman street. Mrs. Hickman was a native of Nova Scotia, 60 years of age. She was the wife of George Hickman and mother of Mrs. J. M. Carr, Mrs. W. O'Brien, George T. Hickman and Mrs. Lorraine B. Fitzgerald. The funeral will be held Saturday morning at 10 o'clock from the parlors of James Fowler, 2244 Santa Clara avenue.

TRACK LABORER INJURED.

on track work for the San Francisco-Oakland Terminal Railway at Fourteenth street and Broadway, was injured yesterday when a heavy rail dropped on his foot. He was removed to the Merritt hospital for treatment. The man was one of the gang employed laying new tracks from the Fourteenth street junction along San Pablo avenue.

There is satisfaction in cooking when you use Cottolene It removes dozens of worries from the mind of the cook. This is the way an excellent cook prepares—CORN FRITTERS Take a pint of grated corn (or a can of sweet corn when green corn is out of season), three eggs, two tablespoons of milk, one tablespoon of melted Cottolene, and one and a quarter teaspoons (level) of salt. First beat the eggs well, adding the corn by degrees, also the milk and Cottolene thickened with enough flour to hold them together. Then add the grated corn and salt. Have ready a large frying pan with a little of hot Cottolene and dredge the corn in it and fry to a light brown. These fritters are also good fried in Cottolene the same as one would fry eggs. Any practical housewife will at once appreciate the wholesomeness and economy of this pure cooking fat. Remember always to use one-third less Cottolene than you would of butter or lard. Order Cottolene today from your grocer. Also send to us for FREE Cook Book, HOME HELPS, written by Mrs. Helen Armstrong, Mrs. Lincoln and other cooking authorities. THE E. C. BAIRD RESIGNS AS ST. LUKE'S PASTOR

Woodland Church Pays Back Salary and Court Costs to Settle.

WOODLAND, May 1.—Without breaking a single canonical law, a final settlement of the long standing controversy in St. Luke's Episcopal Church in this city with Rev. E. J. Baird on one side and the vestry and the majority of the congregation on the other, was today effected when the vestry men of St. Luke's, Rev. W. H. Baird, father of the pastor, for his back salary and the salary committee of the Sacramento diocese guaranteed to raise approximately \$500 to pay the clergyman's expenses incurred by defending himself in the civil court instituted against him by the vestry, and Rev. Mr. Baird resigned from his post.

CONTINUES UNTIL MAY 20

The settlement followed a conference in Sacramento before Bishop W. H. Morrison with the vestrymen members of the standing committee and Rev. Mr. Baird.

It was agreed that Baird continue to occupy the parsonage until May 20th so that he might have time to attend to local matters, a resolution being turned over the church property yesterday afternoon.

Services will be held next Sunday, May 3rd, at 10 o'clock, at the office of the Holy Trinity church, officiating. Holt will be the rector of St. Luke's until Baird's successor is named. The church controversy dates back to July in 1912 when relations were severed between the minister and his flock, followed by statements made by the clergyman to the effect that the church treasury used burlesque methods in accounting for the church funds.

The dispute was upheld by the civil court, after the vestry had instituted suit to oust the minister and to get possession of the property. Judge Mahon of Lake county ruled in Baird's favor. Later the vestry tried to unseat Baird by an ecclesiastical court, alleging that he had slandered members of his flock and had violated his ordination vows.

Again Baird was the winner, but the parish was disrupted. Tonight Baird said he was not determined as to his future plans. "I have an opportunity, to accept several calls," he said, "but I am undecided where I will go."

VIOLINIST BREAKS DOWN AT CONCERT

Miss Alice Davies, Suffering Under Strain, Collapses at Close of Selection.

Collapsing under the nervous strain of a long and difficult program just after she had played the last notes of a Wientawski concerto, Miss Alice Davies, the talented young violinist, slipped to the platform floor in a dead faint last evening before a banquet in honor of her. She was quickly revived but the tension has not yet passed and the pretty young musician is under the care of a physician. For the last few weeks she has made remarkable progress in technique and artistry, but the strain of the unremitting practice has been excessive.

Miss Davies was accorded an ovation at the conclusion of her first number last evening. Among these were a large 75 feet in size and a 5-foot basket of American Beauty roses, presented by the ladies of the Church of the Advent. Her program was tastefully chosen and included some of the more complex compositions in the violinist's repertoire.

The program was followed by dancing.

RARE SPECIMENS FOR MUSEUM

Curator Wilcomb Collects Ethnological Curios Among Indians.

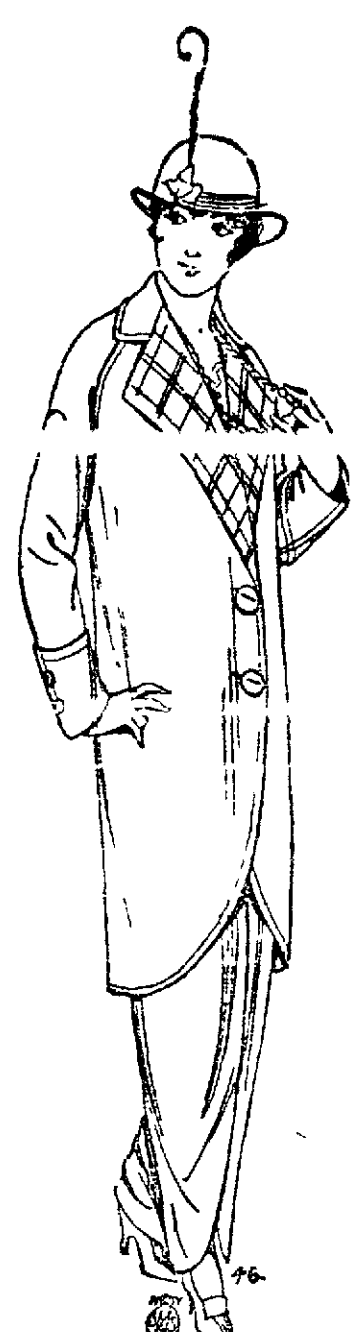

As a result of an expedition just concluded among the Indians of the Pomo linguistic tribe in Sonoma, Mendocino and Lake counties, C. P. Wilcomb, curator of the Oakland Public Museum, has collected for the museum a series of ethnological specimens of a kind rarely found in the possession of these people in recent years. Researches were made by Mr. Wilcomb among the small remnants of Pomo Indians in the Big Valley, Scotts Valley, Upper Lake and other places in the immediate vicinity of Clear Lake.

A variety of objects illustrating culture, phases of daily life, and religious ceremonies of former days were procured from a few aged Indians as were a number of rare specimens from local and more distant areas of the state. The collection materially strengthens and fills existing gaps in the museum's Indian relics of California.

MANY RARE OBJECTS

Upwards of a hundred objects were obtained including baskets, arrow and small, old type for cooking and other domestic purposes, matting made of tule fibre, dishes and bowls of soapstone, spoons of

MET "FIRE-EATERS"

Concerning the expedition, Mr. Wilcomb said today: "I was especially gratified to come in contact with one of the last members of the celebrated Pomo 'Fire Eaters' of former days a small clan which indulged in mysterious ceremonies in which the participants danced with bare feet on beds of live coals and also held live coals in their mouths. From this old individual I succeeded in procuring a feather head dress, probably the last in existence, previously worn in the fire eater's ceremony."

At the various camps visited, a sufficient time with some of the older people to supplement the exhibits with important information I questioned them concerning the modes of living of their ancestors and themselves as well as the names of materials, methods of manufacture and use of the objects which I procured from them.

Pomo Indians differs from all other tribes in California. They have a language distinctly their own and the difference in their general customs and habits is noticeable. The basket work of these people is quite unlike that produced by other tribes and is excelled in artistic expression and technique by no other basket-making tribe in America.

PASTOR TO DESCRIBE CIVICS OF EUROPE
The weekly free lecture under the auspices of the board of education will be held tonight at the McChester school corner of Thirteenth Avenue and East

Thirty-eighth street (Fourth Avenue car). The speaker will be Rev. A. W. Palmer and his subject "Civic Progress in Europe." The lecture will be illustrated with slides showing the methods of municipal management in Germany and English cities. Rev. Mr. Palmer, who is a member of the playground commission, has traveled extensively in Europe, and last year made a trip purpose, to study municipal problems and management in the European countries. His address will be particularly interesting to members of improvement clubs and property owners. The lecture will be at 8:15 o'clock.

WOMEN SEEK WAR WANT ARMY JOBS

Spare Bachelors and Draft
Them, Urges Boston
Woman.

BOSTON, May 1.—"I appeal
to you, Mr. President,"
says Mrs. Charlotte Smith
in a communication which
she has forwarded to
President Wilson, "to
spare the bachelors of this
commonwealth. If you
issue a call for volunteers,
let other states send their
bachelors to the front,
but spare the Massachusetts
bachelors."

Mrs. Smith disdains bachelors
exceedingly, and has tried to
have a special tax imposed on
them. In her letter to the
President she points out that
the New England race has
been run out for there are
not but few marriages, and
few children are being born
to descendants of Puritans
each year.

She proposes instead to recruit a
regiment of 500 women to serve as sharp-
shooters.

"They would never be missed from this
state, should they fall in the service of
their country, because there are 100,000
surplus women in Massachusetts."

HEIRESS WOULD SEND HUSBAND TO JAIL

LOS ANGELES, May 1.—Firm in her
stand that her former husband must
support their two children or go to work
on the county rockpile, Mrs. R. A. Fisher,
one of the heiresses to the great Anadale
de Baker estate, appeared before Judge
Monroe yesterday to prosecute him.

Mr. and Mrs. Fisher were divorced five
years ago. They have two children, aged
10 and 7. Fisher married again a year
later. He is now living with his second
wife.

Fisher pleaded not guilty and asked
for time to consult his attorney, which
was granted. He claims that since he
has married again he has lost four or
five positions through the medium of
letters sent to his employers by some
one unknown to him.

MOTHERS TO GET AID BY THE NEW PLAN

LONDON, May 1.—Chancellor of the
Exchequer Lloyd George, in his forth-
coming statement on the budget, will in-
crease the maternity benefit provided in
the insurance act from \$2.25 to \$25. This
sum is a small amount, but it is a new
grant which will help make the insurance
act popular with the world's classes. It is
computed that in twenty months 2,000,000
mothers will receive the advantage of an
act entailing an expenditure on this ac-
count alone of \$5,000,000.

COUPLES SHOULD NOT TRANSFUSE BLOOD

PARIS, May 1.—It is often dangerous
to transfuse a man's blood to the veins
of his wife or a woman's blood to the
veins of her husband, according to Dr.
Wallach and Dr. Levallette of the Pasteur
Institute. They have made many experi-
ments in transfusing blood from one to
the other of married couples. They find
serious harm may be done to the recipi-
ent if the surgeon does not satisfy him-
self by a test that no blood incompati-
bility exists.

Madame Isbell's Beauty Lesson

The Care of the Skin.

If you live in the country, where you
can get clean rain water, by all means
bottle it and save it for face washing. If
this is not practical soften the ordinary
water with a pinch of borax if you have
reason to think it is at all hard.

How to Prevent Wrinkles.

As a woman gets older the skin needs
more and more care. For Nature is less
active in renewing it and throwing off
impurities. There is also apt to be a
lack of natural oil and this is why
women, as years go on, need to use creams
of some sort and to refrain from the use
of soap. Skin that is allowed to become
dry wrinkles easily; it is far easier to
prevent wrinkles than it is to cure them,
and the first step in preventing them is
not to allow the skin to become dry.

There is no question as to the neces-
sity of toilet creams; the only question
is what kind. This depends on the skin
and the purpose for which the cream is
to be used. As a substitute for soap, a
cleansing cream is necessary. This may
be a soft oilment or a liquid, but it
should be absolutely free from harmful
ingredients, such as mineral oils and
perfumes, and should be soft enough to
be rubbed freely over the skin without
will keep the face clean, soft and well
lubricated and its use will do much to
prevent wrinkles, sunburn, freckles and
roughness, but it contains no healing prop-
erties, neither does it fatten or feed the
skin.

Rules for Massage.

A very young face, as a rule, does not
need massage, but as a woman approaches
thirty, and, unfortunately, sometimes
younger, the fatty tissue beneath the skin
begins to fall away and, in consequence,
hollows and lines and fine wrinkles about
the eyes begin to appear. It is then that
we resort to massage. While means to
proper manipulation of the face so as to
strengthen the muscles and feed the skin,
it is also a means of getting rid of the
fatigue and the skin. It is a means of
getting rid of the fatigue and the skin.

There are only a few facts that the skin
can absorb, and a skin cream, therefore,
must contain such facts as it is to be
any use in removing wrinkles. A proper
massage cream or skin food, a wrinkle
remover, as it is sometimes called, is much
thicker than a cleansing cream; it is not
to be more expensive, but it need not be
so freely used, and a small jar of it will
last a long time.

Special Creams for Special Needs.

Blackheads, acne (what is commonly
termed pimples) and other eruptions of
the skin, call for a special cream. A
cream containing some healing agent. A
healthy skin needs such a cream but
tightly and not too frequently. It is best
to understand the different face creams
and their uses. First, there is the cream for
cleansing and lubricating purposes, which
every woman should use; second, the
massage or wrinkle cream; and third, the
healing cream for eruptions, blackheads and
so on.

MISS ELIZABETH MCCABE, A FAVORITE IN THE BERKELEY SET.
—Belle Oudry Photo.

MR. FRANK CAROLAN'S pearls are interesting society these days.
She brought ropes of them home from Paris. At the Associated
Charities' dinner at the Palace the other night she wore a necklace
that was looped about her throat and fell carelessly to her girdle,
of gleaming moonstone stones, as big as apples, one dazzled guest
said later. But this was an exaggeration.

Still, they are the latest pearls in California, where there is no
necklace to match them in value except Mrs. Sharon's uncut rubies.
At the St. Francis at tea the other day Mrs. Carolan wore a single short
strand of pearls over the face of her blouse, and these were quite as large as
California olives. If anyone but Mrs. Carolan had worn them they wouldn't
have passed for "real." And they were a mere section of the rope that is
said to be one of the most beautiful necklaces in America.

Mrs. Fred Sharon's rubies are unique, but less lovely to look at. They
are three ropes of uncut stones that were gathered from famous East In-
dian collections. The red gleams dully through their rough surface and they
do suggest rubies and Hindu princesses in their Oriental splendor. Mrs. Sharon
found them in Paris, where a Rue de la Paix jeweler had been years collecting
them. She rarely wears the necklace that is very heavy and rather more of
a fabulously valuable curio than an ornament.

But society is reveling in glimpses of Mrs. Carolan's pearls. There was
a rumor that they were valued at \$400,000. Some one asked Mrs. Carolan
and she said, "How absurd." However, they represent quite a share of Mrs.
Carolan's share of the Pullman millions.

MRS. DAVIS ENTERTAINS.

Mrs. Henry C. Davis was hostess at a
tea in the lounge of the Hotel Oakland,
yesterday afternoon, when she enter-
tained in honor of her daughter, Mrs.
Louis R. Burgess, wife of Mayor Bur-
ness.

Several of Mrs. Burgess' old friends and in-
cluded Mrs. Edson Adams, Mrs. George
Whitman, Mrs. Jesse Langford, Mrs. Oscar
Whitman, Mrs. J. C. Kline, Mrs.
Augustus McDonald, and Miss Ethel Val-
entine.

DEBUTANTES HONORED.

The bridge party given this afternoon
by Miss Madeline and Miss Carol Pardee
was a very delightful affair for about
thirty of the younger set of girls. A
few in honor of Miss Allene Edoff and
Miss Adele Scott, two of the attractive
debutantes of last winter. Among the
guests were, Miss Grace Lavance, Miss
Marguerite Baum, Miss Anne Spring,
Miss Edith Henderson, Mrs. Frances Fer-
rier, Miss Elizabeth Ferrier, Miss Edith
Armes and Miss Carol and Miss Margaret
Fondat of San Jose.

RAINBOW WEDDING.

The color scheme of the wedding of
Miss Irene Flanagan and William Gay,
this month, will be usually pretty, and
a departure from pink weddings of the
season. It will take place at All Souls'
Chapel, in Berkeley, on the evening of
May 25th, and will be followed by a re-
ception at the home of Mrs. L. J. LeRoy
street. The decorations both at
church and at the house will be of var-
colored flowers in a rainbow effect with
pink, blue and green predominating. Miss
Olive Cutler who will be maid of honor
will wear pink tulle, and the maids of
honor, Mrs. George Harlowe, and
Mrs. John A. Britton will be dressed
in blue and green tulle, respectively.
They will wear short tulle veils of the
delicate rainbow colors to match their
gowns.

IN HONOR OF MRS. LYMAN.

Mrs. George Lyman (Dorothy Van
Sicklen), who with Mr. Lyman has been
a guest at the Van Sicken home in Al-
ameda, since their return from abroad,
will be guest of honor at a luncheon to
be given by Miss Lillian Van Vorst on
Friday, May 29th. It will take place at
the Van Vorst residence in San Fran-
cisco and a coterie of Mrs. Lyman's in-
timate friends has been bidden to meet
her.

Dr. and Mrs. Lyman will take a house
in San Francisco and plan to move
across the bay this month.

MRS. LYMAN ENTERTAINS.

Miss Doris Wilschro whose engagement
to Harold Plummer was a recent an-
nouncement in San Francisco was guest
of honor at a bridge-ten given Wednes-
day afternoon at the home of Mrs. Lyman
in San Francisco. It was an elaborate af-
fair at which several guests from this
side of the bay were present. Among
them were Mrs. Harry W. White, Miss Hilda
Buckner, Miss Viola Page, Louise Tyn-
an, Miss Schlen, Miss Marie Louise Tyn-
an and Miss Rhoda Nelbling of Berkeley.
Other guests included, Mrs. Harold Can-
ney, Miss Jane Hocking, Miss Katherine

Foe, Miss Metta McMahon, Miss Flor-
ence Baverman, Miss Dorothy Deane,
Miss Kathleen Farrell, Miss Grace Gib-
son and Miss Erna St. Clair.

FERRIER-GOSS WEDDING.

Miss Frances Ferrier has set May 25th
for her marriage to Orville Goss. It will
be a quiet home affair with no attend-
ants and only relatives and a few in-
imate friends present. After a two-
week's honeymoon in Southern Califor-
nia, the couple will establish their
home in San Francisco.

In honor of Miss Ferrier, Mrs. Laura
Goss will entertain at an informal tea
Wednesday afternoon in Berkeley. Mrs.
Goss has asked a number of relatives
and old family friends to meet her son's
fiancee.

MUSICALS IN ALAMEDA.

Mrs. Harry William Clark gave a mus-
ical at her home in Alameda a few
evenings ago, in honor of Miss Jean
Clow, who is visiting Mrs. Frank Peel.
The house was attractively decorated
with red roses and carnations, and after
an interesting program, tea was served.
Among the guests were, Mrs. Alexander
Bell, Mrs. Arthur Bate, Mrs. Charles
Vaughn, Mrs. C. J. Adams, Mrs. Harry
Clark, Mrs. W. W. Donaldson, Mrs. Wil-
son Frisby, Mrs. F. C. Gould, Mrs.

TO VISIT CRELLIN RANCH.

Mrs. Thomas Crellin and Miss Mona
Crellin, who have spent the winter at
the Hotel Oakland, are planning a visit
to the former's son, Lloyd Crellin, at his
ranch in Napa county.

Mrs. C. S. Crellin and Miss Ruth
Crellin are again at the home near
Pleasanton, after a visit to Oakland.

BRIDGE LUNCHEON.

"WHITE HOUSE BRIDE"
CHOOSES BLUE ROOM

WASHINGTON, May 1.—Miss Eleanor
Randolph Wilson, youngest daughter of
the President and Mrs. Wilson, and Wil-
liam G. McAdoo, Secretary of the Treas-
ury, will be married on May 7 in the
Blue Room of the White House. It was
formally announced last night.

As the guest list has been limited to
members of the two families, the cabinet
and the Vice-President, the White
House family decided not to use the
large East room.

President Cleveland was married in the
Blue room. The room, notable as the
scene of many historic events, is covered
in heavy corded blue silk and is hand-
somely furnished in white, blue and gold.

LORD MURRAY FOUND
GUILTY OF "ERRORS"

LONDON, May 1.—The committee of
the House of Lords appointed to investi-
gate Lord Murray's dealings in American
Marconi shares yesterday issued its re-
port, which finds that he committed "er-
rors of judgment." There was, however,
nothing in his conduct "which reflects
upon his personal honor."

The committee recommends "there
should henceforth be an inflexible rule
to preclude those who hold any public
office from entering upon any specula-
tive transactions in stocks or shares un-
der any circumstances whatever."

Lord Murray when he was chief Lib-
eral whip in the House of Commons, was
said to have received some of the funds
of the Liberal party in Marconi shares.

UPHOLD ALUM IN BAKING POWDERS

Conclusions Are Announced by
Experts of Agricultural
Department.

WASHINGTON, May 1.—Alum bak-
ing powders are no more harmful to the
health of a person than any other baking
powders, but it is wise to be moderate
in the use of foods that are leavened with
baking powder.

Such is the conclusion announced today
of the referee board of consulting sci-
entific experts of the department of agri-
culture as the result of experiments to
determine the influence of alum in com-
pounds on the nutrition and health of
man. The report gives the results of
three sets of extensive experiments on
human subjects conducted independently
by members of the board and was in re-
sponse to questions put to it by the de-
partment of agriculture.

The board's report was made public
after a long and careful study of the
subject.

It was found that the use of alum in
baking powders in the amount of three
sets of extensive experiments on
human subjects conducted independently
by members of the board and was in re-

DAME FASHION has a sardonic
sense of humor. She mistreats
our figures by year after year of irra-
tional styles; then comes her decree—
the "corsetless" effect. And the ninety-
and-nine discover that their natural
figures are far from the ideal that
Fashion has set. Here, then, was the
corsetiere's problem:

To give beauty of form to
women of every type—yet to
make them appear uncorseted.

Seemingly impossible—yet, by the
magic of a great corset-genius's mind,
the impossible is done.

NEMO KOPSERVICE Corsets
are the modern wonder-workers. By
a radically new construction they give
the "natural figure" to perfection, yet
grant the freedom and appearance of
the so-called "corsetless" mode. Won-
derful values—at \$5.00.

We want to tell you about this
latest Nemo invention. We want you
to see it for yourself. We want to
show you all the new Nemo Corset
models, that will do so much for your
comfort and health and style.

We've gathered them all in our
Corset Department, and cordially invite
you to come and help us celebrate—

Nemo Week

These are NEMO DAYS at the CRESCENT

EARLY SETTLER DIES AFTER MONTH'S ILLNESS

RICHMOND, May 1.—Henry Rhoades, one of the first settlers on the east side of the city and the man who built the street, died yesterday afternoon.

Rhoades was one of the first residents of this city, coming here about 1840. He was a well-known and respected citizen, and his death is a great loss to the community.

A wife, a son Fred both of Richmond and two daughters, Mrs. M. S. Bagley and Mrs. Frank Costello, both of Oakland and brother David living at Byron are left to mourn his passing.

POLYTECHNIC GRADS TO RECEIVE DIPLOMAS

RICHMOND, May 1.—The second class to graduate from the Polytechnic business college will receive its degrees in June.

The class is composed of students who have completed their course in business administration and are well-prepared for the challenges of the commercial world.

The ceremony will be held at the college on June 1st, and will be a significant event for the community.

OAKLAND POLICE IN ANNUAL DRILL

Guardians of Peace, Reviewed by Officials, Resplendent in New Uniforms.

Resplendent in their new uniforms, Oakland's policemen gathered today for the great annual drill and inspection during which the guardians of the peace marched in military formation before Mayor Mott, Chief Petersen and the city commissioners.

One of their heroic comrades, heard the list of those gaining honorable mention read, and, after the drill, met at the Hotel Oakland to hear their years were praised by the mayor and the city officials.

The police drill this year was the most successful ever held in the city. The policemen, in their new uniforms, were praised by the mayor and the city officials.

GIRLS DEMANDING MINIMUM WAGES

Chicago Philanthropist Urges Striking Women to Boycott Restaurants.

CHICAGO, May 1.—Waitresses employed at twenty restaurants, eleven of them in the downtown district, were called out on strike last night.

Miss Ellen Gates Starr, one of the founders of the Hull House and a widely known philanthropist, aided Miss Carrie Alexander, president of the Waitresses' Union, to call the girls out. The strike was called because the restaurants refused to sign union agreements paying \$5 a week for six days' work.

Miss Starr was arrested during a recent strike at a downtown restaurant, charged with disorderly conduct. There were 250 of 500 pickets during the former strike. Picketing stopped when a committee of three girls ruled that picketing was illegal.

In addressing the waitresses last night Miss Starr told them to take their places in front of the restaurants and warn passersby of the strike. "We have a perfect right to picket," she said.

Wolves Break Long Record of Defeats Administered by Malarkey

Diamond Flashes

By L. B. GROSS.

The game yesterday between the Oaks and Wolves was of the slow and uninteresting type, it being necessary to pinch yourself every five minutes in order to keep awake.

The Oaks have it all over the Sacramento club for class, but for some reason characterizing their work for the last couple of weeks.

The Wolves have at last captured the goat of one Bill Malarkey. Of all the malarkey last year Malarkey was the one puzzle, to the Sacramento team, having been that club eight times last season, without one defeat. But now that Malarkey

is will have to pick out another pitcher to mystery the inland town.

To have "Old" Bill walloped by the Wolves was a real head-bolting, is sure a shock to the local fans.

There was but one interesting play in yesterday's game, and that came in the sixth inning when Harnish who was first and Tamm on third attempted a double steal. Alexander went through all the motions of throwing the ball to second, but it was a wild throw and Harnish and Tamm were safe.

Two errors were put in the left field fence in the last game of the series. Half, Sator-Stroud doubled over Quinn's head against the fence, and in the Oaks' half Ness leaped up against one that hit the fence with

Thanks to a couple of home run clouts, the Oaks took the third game of the series, from the Beavers yesterday. Schuler and Fitzgerald were the heavy hitting bats, that gave the Oaks the edge on the three days' play.

Paul Musser, from big league company, made his 1914 debut in the Coast League yesterday, and was evidently not in form. In the one and one third innings in which he was on the mound for the Angels, he walked six men, allowed two hits, six runs and lost the game.

Musser who is the property of the Washington Americans, is a right-handed pitcher when he is right, and as he is not yet arrived after a long trip from the east, his performance yesterday will be overlooked.

Howard Gregory, the former Oak star, says Ray Kremer is a real competitor. Gregory says that Kremer is the most promising youngster he has had the pleasure to witness pitch since he has been on the Coast, and that next season he will make the big push. Kremer is a local boy, and was overlooked by the Oakland manager, Volkmann, getting him to add his signature to a contract

Although the Chicago White Sox made but one hit in their game with the Detroit Tigers yesterday, the Sox were compelled to win the game, because they had the game won, which would decide something wrong with the pitcher.

Larry Page, the pitcher who refused to report to Portland after being bought this fall from Buffalo, has written to Oakland that he will not report, and a failure to come to the coast was due to two reasons—insufficient money offered by McCredie and fear that acceptance of a Portland contract might interfere with his suit against Buffalo for more money on last year's contract. Page is a electrical engineer at Buffalo and earning good money.

Walter McCredie has definitely decided that he will not report to the method of giving an option on his club in order to strengthen his pitching staff, he will not do so, but will stand waiting to see whether another man or two from Cleveland or elsewhere, a little later on.

Three clubs offered assistance in return for options on Shortstop Bobby Davis.

Tacoma has released Catchers Kelly and Elliott and Pitcher Beiford.

Victoria has cut loose Pitchers Fitchner and Harnish and Catcher Broderick. That Cunningham would develop faster than Broderick is a thing to be noted, as that slim fellow is hitting hard and often, so McCredie would not let him go.

The record for the number of consecutive games won by any one pitcher in the Pacific Coast League has a fair chance of being broken, for if "Doc" White and "Red" Green of the Seattle team are going a record is sure to go by the boards.

Krause, with nine consecutive wins, topped the coast league last year while Chech holds the league record with eleven in a row in 1912.

Pernell now has eight victories to his credit without a defeat, and he has been hit by three more than he has pitched. White has won but six and lost nine, which makes it doubtful if he can win six more before he drops one. The record for the number of games won in one season of the present length of schedule, is held by "Cack" Hoxley who craved up thirty-four wins for San Francisco in 1910. At anything like the present rate of progress, White and Pernell, away to a flying start, should easily duplicate this mark. But there is a long season ahead, and pitchers arm always being subject to nervousness, it is always too soon to predict records broken.

"Rowdy" Elliott has been honored. Umpire Guthrie has christened a blue ribbon bull pup "Rowdy" as a mark of affection for his close friend Elliott of the Venice Tiers. Just what should be inscribed, Elliott or the dog is hard to say.

Advice from the North has Salvoen, the Beaver recruit who was to have been turned over to Helena of the Union Association, going to the Coast, which causes us to fear that the next dispatch sent down from Portland will have the answer going to Cleveland.

Walter Johnson says he never saw such a "movable" pitcher as Frank Chance has shown with the New York team in the short year that he has been at the helm. "It was about to worst ball team I ever saw," says Johnson, "and yet he was now one that beats it will know that he was in a battle."

A Portland scribe is of the opinion that if the Beavers would practice basing and fielding a bit, instead of blaming the pitchers all the time for defeats, they would be better.

"Look back over the records," said he.

There will be seven games played in Los Angeles this week after all by crowding in the postponed game on Monday.

President Hen Berry or Manager Frank Dillon may now do as they see fit, with Hen Berry having been seen from every other club in the league. Berry is made of Crabbie.

The plan is to sell or trade, but should be made of Crabbie.

Walter Boles, is of the opinion that a "Jinx" is on Crabbie's trail.

It takes to make a winning pitcher, but for some reason he has a tough time getting by," said Boles. "He seems to have been hoodooed ever since coming to Los Angeles. I have a hunch that he might have better luck with some other club. It is lack of this which has prevented him from winning here."

Boles, having studied Crabbie at close range for more than a year, should know where he twitters.

Henry Berry was asked if he didn't fear that some of his players might be drafted for service in the "war" with Mexico.

"and you will see that the Beavers have thrown away any number of chances by not taking advantage of opportunities on the bases, by getting caught off, and by losing a critical moment. Let them get to fielding steadily and use judgment as well as speed on the bases and they will win."

John McGraw will have to ride his men and take some of the overconfidence out of them if he expects to win another pennant. His critics have been saying that the Giants play this season. The New Yorkers are playing as though winning the flag were only a matter of getting out on the

"No danger," youth Hen. "Only able-bodied men are eligible for service in the army."

**SEMI-PRO TEAMS ARE
DESERVING OF
SUPPORT**

If business firms who are represented on the diamond by ball clubs only realized the value of a well appearing, strong team there would be little cause for complaint among the players on such teams.

Semi-pro baseball has become a fertile field for the modern merchant anxious to get his name before the public. At the comparatively small cost of a new set of uniforms, and the salary of a manager, he is able to command a team of ambitious youngsters who wear his name, and battle for the increase of his fame.

Not only is the owner of the club deriving customers from the players and their immediate friends, but he gets the name before those who go to see the games, and those who read about them in the paper.

Particularly in the country towns with the country papers, the baseball merchant gets the full measure of publicity and it returns to his benefit in a score of ways.

Strange to say, it is the merchant himself who usually does his part in promoting the sport which benefits him. Some firms whose names appear regularly in the amateur baseball columns do not even supply their clubs with baseballs, and permit them to start the season without new uniforms. It would seem that the merchant who sportsman to support the club that helps support him. Think it over, Mr. Merchant.

**JIMMY FOX PUT OUT
IN 1ST ROUND**

HELENA, Mont., May 1.—Jimmy Fox of California lived up to his reputation for marvelous speed by being the first to the first round.

At a scheduled bout, Kid Jackson of Helena caught him on the tip of the chin with a right swing and Fox went down cold.

He was dazed for some time after the bout. Fox danced around in the beginning fully confident of ultimate success. Then the unexpected happened.

Ralph Lowe of Radesburg was awarded a decision over like Cosen of Salt Lake at the end of eight rounds.

AZEVEDO MOST LIKELY LIGHTWEIGHT NOW BEFORE FANS

**19 Years Old, He Has Met
More Hard Men Than
Any Rival.**

(By THE TIMEKEEPER.)

Glancing over the lightweight possibilities in this vicinity and eliminating therefrom Champion Willie Ritchie, who contemplates leaving our midst next week, there seems little that offers any

promise, save the one of a youth (he is only 19) is one of his strongest qualities. Freddy Welsh, undoubtedly the cleverest boxer in the ring today, is 23 years of age and certainly cannot be figured to be improving. His recent unsatisfactory bout with the veteran Leach Chandler in Los Angeles, when they were both blessed by a disgusted crowd, would indicate that the American public will not stand for a "feather-duster" champion, a chap who is a first rate defender and a fifth rate fighter. They demand a mixer and a grinder, and he is doing, also, so

with the only qualification. Despite that much disputed decision of the referee, the youth is a fair minded fan must admit that young Azevedo, for a mere novice, made a better showing in the past ten months than any other lightweight now before the public. He tackled every lightweight that could be induced to meet him, boxing Frankie Burns, Johnny Dundee, Wolcott, Gene Moran, Francisco, Valse, Gower Hayes, together with a lot of lesser lights such as Red Robinson, Young, and the late Salvador and Tomlin.

No one as yet has knocked him down, much less put him out or stopped him. He is young, vigorous and fairly intelligent. Hitting ability may be lacking, but he is not a novice from his present style and sent in to fight instead of box. He apparently has the stamina to stand punishment and a grinder's pace. Why not let him turn loose, then?

Jimmy Rohan thinks that Young Fitzsimmons has the making of the champion featherweight of the coast. The writer has taken Manuel Vieira, in charge under the name of "Mickey" Ketchum, and has been heretofore matched in a ten-round special event for the next Wheelman show and the winner will be given a \$500 bonus.

Fitzsimmons has won six straight contests but they have been against apologetic boys. At Sacramento, he has been defeated by a local boy, and he will be back to Portland, where he will fight to boost for Manuel.

Vieira, by the way, was knocked out only once in his life and that was by a kid who was out for ten minutes that time and he has never had any excuses to offer for losing that scrap. After say the light show on May 10, he will be back to Portland, where he will fight to boost for Manuel.

SOUTHERN CALIFORNIA TRACK TEAM HAS GOOD CHANCE

Competition Between Stanford and California Will Be the Solution of Protests.

The recognition of the west in athletics is a long and eastern sport. The Stanford and California teams have made a brave stand to keep from doing. Even in the face of world's record holders, the Stanford team has been reluctant to accept the challenge of the Stanford team.

Roy Moore vs. Eddie Miller.

Sully Calabrese vs. Willie Robinson.

Charley Givens vs. Johnny Aaron.

Tommy Stevens vs. Sammy Good.

Soldier Nelson vs. Al Greenwood.

Eddie James vs. Tony Freitas.

Eddie Marvin vs. Eddie Ryan.

All bouts are four rounds.

Bert McCullough will referee.

Willie Hoppe will be out of the ring for at least a month as the result of a minor operation. He has been ordered to enter the ring.

Bat Nelson and Kid McCoy wired to Willie Ritchie yesterday asking for the job of manager, but the lightweight champion did not even take the trouble to reply.

Fighting Billy Murray, accompanied by Manager Jack Kearns, left for the East today to accept a ten-round match with Al McCoy in New York on May 21.

Willie Ritchie has announced that he will box Freddie Welsh in England for a guarantee of \$25,000 placed in a New York bank before he sails, and a share in the moving picture privilege.

Well, well, our old friend Marcus Marcolovich, better known as "Musky," is a catcher who broke in with the Oaks last year, scoring a hit and stealing three bases against Sacramento. Somehow, Musky could convince anyone that he is a thoroughly legitimate. He has been matched by Jimmy Rohan to box a local boy, known as "Mickey" Ketchum.

Gregory Mitchell will announce tonight the preliminary of the Gallant Watson bout on May 8. Jack Morris and Bill Schaffer, Mayweights, will play a round in a six-round semi-special. Billie Robinson also may get on.

Stanley Trinkle, the Venice welterweight, is doing light training on the road over the sea at 140 lbs.

Indie Camp, the San Francisco lightweight, fought and outpointed Young Fox of England, and ten-round bout at New York last night.

CLAIRVOYANTS

HAVE YOU PROSPECTED YOURSELF

The prospector, when he seeks a vein of ore, does not scan every hill or test every colliery—he studies the physical characteristics and the origin and history of the land.

Have you studied yourself? Your past position? Your present position? You cannot make the most of yourself and of your opportunities unless you do.

The prospector does not seek for just a rich mine—he tries to find a gold mine, or one that produces silver or copper—he seeks one thing constantly, and where he can expect to find it.

LY. Gold is only a means of exchanging labor, and LABOR is but the expression of what is in yourself—there is gold (wealth) somewhere in YOU, in every one, but the fact is, you do not know it.

The prospector is not a carpenter out of work, or a bookkeeper on a vacation—he is a geologist, a mineralogist and chemist in short, he KNOWS, and through his knowledge he unlocks the treasure house of Nature.

You, too, must KNOW, must study and learn, of course, you learn most through the study of the past.

Learn from the most capable teacher, Prof. Brown, long a resident of Oakland, and world-wide fame among men of learning in Europe and America, as a scientist of exceptional ability in Psychology, Thought Control and Character Building.

He can be consulted daily at his office, 1500 San Pablo ave., between the hours of 10 a. m. and 8 p. m.

WOULD INCREASE CARRIER REVENUE

Counsel for Commerce Commission Suggests Methods Obviating Advance.

WASHINGTON, May 1.—That the net income and operating revenues of eastern railroads are smaller than is consistent with their assured prosperity and the welfare of the community was announced as a conclusion yesterday by Louis D. Brandeis, counsel for the interstate commerce commission in the five per cent advance rate case. He maintained, however, that to make a horizontal advance in all freight rates as proposed by the railroads was illegal and beyond the powers of the commission.

Mr. Brandeis said steps should be taken to suggest that testimony given at the commission's hearings had shown how that might be done without advancing rates. He pointed out the elimination of special allowances to shippers, free car spotting and other free services now performed by the roads.

Before Mr. Brandeis submitted his conclusions, Clifford Thorne of Iowa, representing eight middlewestern states in opposition to the proposed advance, had argued that "the carriers have been making the more and more net income during the last four years than in any previous four years in their history."

He maintained not only that the railroads were receiving adequate revenues and making a fair return on their stock, but that their credit was as good, or better than that of other industries, as proved by their ability to dispose of hundreds of millions of securities during the last four years.

Judge Henderson of the Iowa Railway Commission, argued against the proposed increase from the standpoint of the independent producers of food, starch, glucose, dextrine, corn oil, etc. He insisted there had been no evidence offered by the carriers that the present rates are unreasonable.

COLOMBIA TREATY HELD IN ABEYANCE

Efforts for Immediate Ratification by Senate Abandoned at Present Time.

WASHINGTON, May 1.—All efforts to obtain immediate ratification by the Senate of the treaty with Colombia providing for the payment of \$25,000,000 by the United States to end the ten-year dispute over the secession of Panama and which gives that country's warships the free use of the Panama canal, practically have been abandoned by the administration pending the settlement of the difficulties with Mexico.

Secretary Bryan, it was understood last night, does not contemplate sending representatives of the Colombian state department to the Senate at the present time. Many Senators declare that opposition to ratification is so strong that the upper house's approval could hardly be obtained at this session.

Although the sentiment in the Senate on the new peace treaties being negotiated by Secretary Bryan is not so well defined, it is believed that they will be held in abeyance.

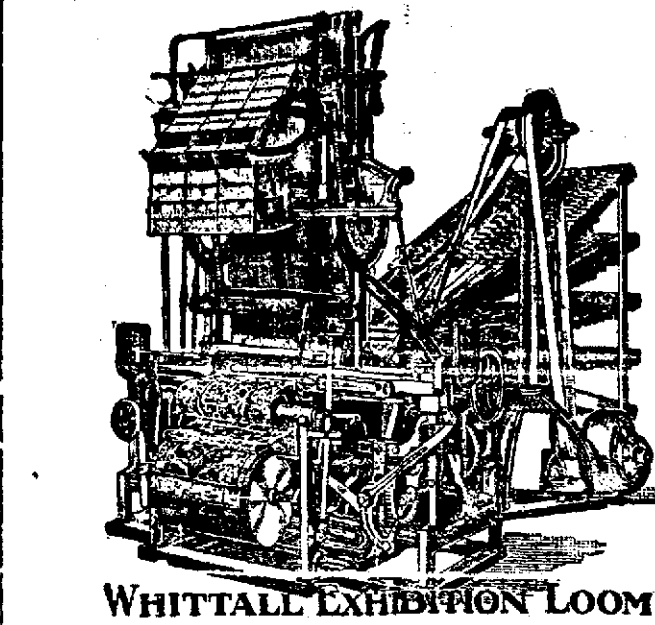

CHINESE EGGS DECLARED GOOD

State Health Board Gives Import Vindication in Report.

Sacramento, May 1.—Chinese eggs received their final vindication yesterday when the State Board of Health, which has been investigating them from a chemical and physical standpoint, announced their equal in every respect to California cold storage eggs.

Stockton, May 1.—Preparations are being made here for the State convention of the California Orthopaedic Association, which opens on May 2, and it is expected that 100 delegates will be in attendance.

Stockton, May 1.—Fifteen years in San Quentin was the sentence imposed yesterday when Frank A. Melisky, self-confessed highwayman who was recently

p. m. to 5 and in the evening
from 7 to 9. Also every day next
week from 10 a. m. to 1 p. m.,
and 2 p. m. to 5.

Come see how rugs are made

This loom makes Whittall rugs in plain view and the inventor is here to tell all about it—the treatment given the wool from the shearing to the complete rug. It is the first time in Oakland that a real rug loom has been on exhibition. This loom is actually weaving the fine Whittall Body Brussels Rugs, such as you have been buying at this store for years. The whole process is shown in detail.

With almost human skill and accuracy this intricate machine assembles the multi-colored yarns into rugs of beautiful designs.

ISSUES SHOWN IN WATER FIGHT

Metropolitan League Exposes in Circular Opponents of District.

Presenting in clear form the facts concerning the water district election, a circular is being sent out by the Metropolitan League to the voters. The letter outlines the procedure necessary for the formation of the proposed district, and sets forth the various checks that have been interposed to protect the people.

The letter follows:
"In the water district election, a circular is being sent out by the Metropolitan League to the voters. The letter outlines the procedure necessary for the formation of the proposed district, and sets forth the various checks that have been interposed to protect the people."
"The following facts about the water district election, first, the Board of the seven cities included in the proposed Metropolitan water district have signed an agreement to divide the district into three districts, each to elect five directors. Their appointees, who shall comprise seven out of the thirteen directors, this being a majority of the board of the water district, to three propositions:
"One: Neither to purchase nor acquire water properties of any kind without submitting the question to a vote of the people of the district.
"Two: To submit the approval of the property to the State railroad commission.
"Three: That the decision of the voters

FOR UNSIGHTLY COMPLEXIONS USE RESINOL

Pimples and blackheads disappear, unsightly complexions become clean, clear and velvety, and hair health and beauty are promoted by the regular use of Resinol Soap and an occasional application of Resinol Ointment. These soothing, healing preparations do their work quickly, and at little cost, when even the most expensive cosmetics and complicated beauty treatments fail.
Physicians have prescribed Resinol for nineteen years and every druggist sells Resinol Soap (25c), and Resinol Ointment (50c and \$1.00). Avoid "imitations" or "substitutes" which a few unscrupulous dealers offer, they are usually of little value and may even be positively harmful. For free trial, write to Dept. H-R, Resinol, Baltimore.

SEE INCREASE IN MEAT PRODUCTION

Forest Service Experts Announce Greater Number of Grazing Animals.

WASHINGTON, May 1.—Constant increase in the meat production of the country is predicted by experts of the federal forest service in announcing today an increase in the number of livestock for which grazing permits have been authorized on the national forests for 1914 as compared with last year.

This year nearly 11,000,000 animals can be grazed, including nearly 2,000,000 head of cattle and horses, nearly nine million head of sheep and goats and about 6,000,000 swine. This is an increase for the current year of about 25,000 more cattle and horses, and 347,000 more sheep and goats, although the acres of national forests at the beginning of the year is almost a million acres less than at the beginning of last year.

During 1913 more than 27,000 stockmen paid the Government for grazing permits on national forests.
